**Certification Statement:** A certification statement **must be submitted** with any application in which the owner(s) of the subject property is (are) a limited liability company, corporation, partnership, association, trustee, etc., or if someone other than the owner(s) of record sign(s) the application.

I, Not Applicable, in my capacity as \_\_\_\_\_, hereby  
certify that \_\_\_\_\_ is (are) the owner(s) of the property which  
\_\_\_\_\_ is the subject of this application and that I am authorized to sign this application on behalf of the owner(s).

Signature: Not Applicable Date: \_\_\_\_\_

I understand that knowingly providing false information on this application may result in any action taken hereon being declared null and void. I further understand that pursuant to KRS 523.010, et seq. knowingly making a material false statement, or otherwise providing false information with the intent to mislead a public servant in the performance of his/her duty is punishable as a Class B misdemeanor.

**Please submit the completed application along with the following items:**

**Project information**

- ☒ Land Development Report<sup>1</sup> **Attachment #1A-B**
- ☒ Current photographs of building front, specific project area, & surrounding buildings **Attachment #2**
- ☐ **Not Applicable**—Pictures, samples, brochures, or other technical data describing materials, such as windows, doors, roofing, fencing, etc. to be used in the renovation or replacement
- ☒ One map of the project area and surrounding properties (may be obtained from <http://www.lojic.org/> using the *LOJIC Online Map*) **Attachment #3A-B**

**Site plan** (see site plan example on next page)

- ☒ Two sets of site plans drawn to scale with dimensions, as applies to the project, indicating property lines, structures, landscaping, fencing, and parking. **Attachment #4**
- ☒ Two copies of floor plans drawn to scale with dimensions and each room labeled. **Attachment #5A (House) and #5B (Garage)**
- ☒ Two copies of elevation drawings (a drawing showing exterior walls) drawn to scale **Attachment #6A (House) & #6B (Garage)** with dimensions. For fencing, only photos/drawings of the proposed fence are required. **Attachment #7A (Fencing) and #7B (Porch Columns)**

**Committee Review Only**

*Committee reviews may be required due to the complexity of the case. The necessity of these items will be determined by staff upon review. Projects requiring committee level review include construction of new buildings, demolition, and projects that vary widely from design guidelines.*

- ☐ Two sets of 11"x17" format site plans drawn to scale with dimensions
- ☐ Two sets of 11"x17" elevation drawings to scale with dimensions
- ☐ Two sets of 11"x17" landscaping drawings to scale with dimensions
- ☐ One set of mailing label sheets for: 1<sup>st</sup> tier Adjoining Property Owners (APOs)<sup>3</sup>, owners, applicants, contacts, and Case Manager. Applicant is responsible for mailing.
- ☐ One copy of the mailing label sheets

**Resources:**

1. Detailed instructions to obtain a Land Development Report are available online at: <http://ags2.lojic.org/lojiconline/>
2. Deeds and plats can be found at the Jefferson County Clerk's Office, located at the 2<sup>nd</sup> floor of Metro Hall (527 West Jefferson Street, telephone: 502-574-6220). Many deeds, plats and other records are available online at: <http://www.landrecords.jcc.ky.gov/records/S0Search.html>
3. Adjoining property ownership information can be found at the Property Valuation Administrator (PVA) office at 531 Court Place, Suite 504 or via their website: <https://jeffersonpva.ky.gov/>
4. View agency comments at: <http://portal.louisvilleky.gov/codesandregs/mainsearch>. Enter your case number in the 'Permit/Case/Docket Number' search bar and then select your case under the 'Application Number' tab.

### Submittal Instructions:

Applications are due on Fridays at 5:00 p.m. Once complete, please bring the application and supporting documentation to: Planning and Design Services, located at 444 South 5<sup>th</sup> Street, Suite 300. For more information, call (502) 574-6230 or visit <http://www.louisvilleky.gov/PlanningDesign>.

### Definitions:

**Certificate of Appropriateness:** A project involving physical changes to the exterior of a building, structure, or property designated as a local landmark or located within a local preservation district shall require prior approval in the form of a Certificate of Appropriateness. An approval requires substantial conformance to design guidelines established for each landmark and district. The design guidelines, along with other information regarding local preservation districts, may be found at the website of the Landmarks and Preservation Districts Commission:

<http://www.louisvilleky.gov/PlanningDesign/Historic+Landmarks+and+Preservation+Districts+Commission.htm>

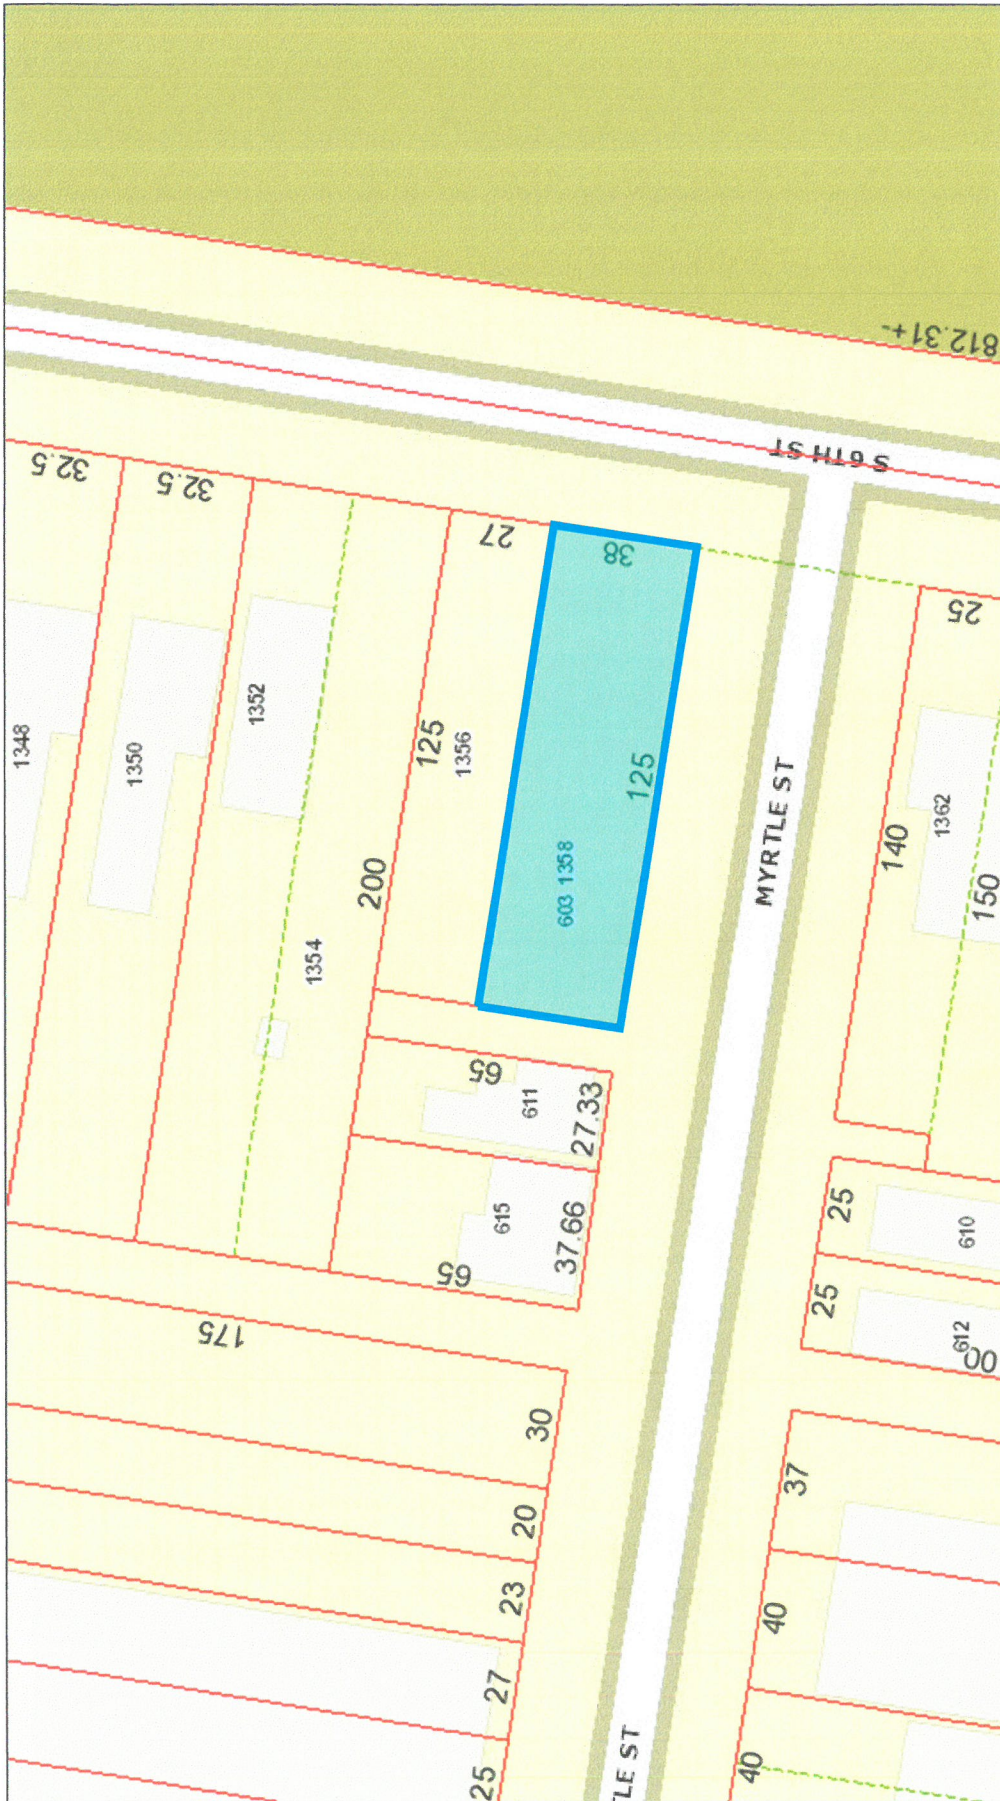

**Overlay District Permit:** A project involving physical changes to the exterior of a building, structure, or property within an overlay district shall require prior approval in the form of an Overlay Permit. An approval requires substantial conformance to design guidelines established for each overlay district. The design guidelines, along with other information regarding overlay districts, may be found at the following website:

<http://www.louisvilleky.gov/PlanningDesign/Overlay+Districts.htm>

## FiberCast Commercial Grade Square Columns

*. . . . at prices a home owner can appreciate!!*

FiberCast Square Fiberglass Columns are our strongest and heavier constructed columns with a wall thickness starting at 3/4" and load bearing capacity of over **18,000 pounds\***

For customers who appreciate the feel and added confidence that comes with a fully laid-up fiberglass column, FiberCast is the way to go.

These fully structural but decorative square box columns may be painted using oil or latex paint to match your indoor or outdoor moldings and trim.

All FiberCast Columns are also available in our [Royal-Stone](#) man made stone material. If this is of interest, please contact us for a detailed quote.

Fiberglass Column Installation Instructions: [CLICK HERE](#)

**Allow 2 to 3 weeks before shipping: three to four weeks total for delivery**

RECEIVED

DESIGN SERVICES

### **FiberCast Fiberglass Column Features:**

- Manufactured with FRP, for durability and longevity
- Many alternative columns dimensions available
- Perfect as patio columns, porch columns and for pergolas or gazebos
- Columns may be used around an existing support post when split.

FiberCast Composite Columns are manufactured utilizing a strengthened fiber reinforced resin procedure that ensures added load capacity while maintaining a decorative Column finish. These fiberglass columns have been chosen for many years to adorn everything from home entrances to theme park facades.

Square Fiberglass columns are ideal for home owners or developers looking for a sturdy, long lasting solution impervious to water damage and bug infestation. Seasonal temperature variations have little effect on composite columns in comparison to traditional wood columns.

# Windows: Crestline® Acclaim

## Fiberglass Clad

### Paintable Exterior Surface

- 2'-6" x 6'-0" Double Hung (10)
  - 6 First Floor
  - 4 Second Floor
- 2'-0" x 4'-0" Casement Windows (13)
  - 5 on First Floor
  - 3 on Second Floor
  - 5 Carriage House
- 1'-6" x 4'-0" x 2 Casement Eclipse (1)
- 2'-0" x 2'-0" Octagon Window (3)
  - 2 First Floor
  - 1 Carriage House
- 3'-0" x 1'-6" Awning Window (1)
- 3'-0" x 1'-0" Transom Above Entry (1)
- 5'-2" x 1'-0" Patio Door Transoms (5)
- 1'-6" x 3'-0" Awning Windows (1)
- 2'-6" x 1'-4" Basement Hoppers (3)

### Features and Benefits | DOUBLE HUNG

Nailing flanges are integral to the frame, creating a barrier between the elements and your home.

Unlike other window manufacturers that offer choices that are actually thin veneers, Crestline's wood interiors are machined from solid wood.

True sloped sill design diverts water away from the interior.

Bottom sash and sill interlock for extra structural support.

### Interior Finish Choices

Acclaim's wood interiors bring out the natural warmth and beauty of your home and are machined from solid wood. Choose from natural pine or our popular white, clear or mahogany stain or finish. These factory finish options include white, clear, mahogany stain and sea and a Clear Coat that are also available.

#### SOLID WOOD INTERIORS

#### ALL-FIBERGLASS INTERIORS

### Exterior Color Options

Our fiberglass exterior comes in the popular color options. All exterior finish options resist fading, peeling or flaking.

### Zo-e-shield 5

- 2 panes of glass
- Exterior EasyCare® surface coating
- Triple layer of Lo-E coating
- Inert gas-filled insulating airspace
- Real Warm-Edge® spacer

glass. To learn more go to [zoeshield.com](http://zoeshield.com).

### REAL WARM-EDGE® SPACER

Crestline's Real Warm-Edge® spacer has no metal to transfer temperatures. This improves the efficiency of the glass and reduces condensation and frost build-up.
