

**Planning Commission
Staff Report**
May 11, 2017

Case No:	16zone1016
Request:	Change in zoning from R-4 to C-1 with a Variance and Waivers on approx. 1.27 ac.
Project Name:	Curtis Center
Location:	4500 and 4506 Bardstown Road
Owner:	Michael and Rebecca Curtis
Applicant:	Michael and Rebecca Curtis
Representative:	Milestone Design Group; Dinsmore & Shohl LLP
Jurisdiction:	Louisville Metro
Council District:	2- Barbara Shanklin
Case Manager:	Julia Williams, RLA, AICP, Planning Supervisor

REQUEST

- Change in zoning from R-4 to C-1
- Variance from Chapter 5.3.1.C.5 Table 5.3.2 to permit an approximate 10.4' encroachment into the 30' setback as shown on the development plan
- Waiver from Chapter 10.2.4.A to permit the proposed building to encroach into the 25' LBA as shown on the development plan
- District Development Plan with binding elements

CASE SUMMARY/BACKGROUND/SITE CONTEXT

The subject site consists of two parcels of 1.27 acres in the Neighborhood Form District with frontage on Bardstown Road and Havenview Drive(private). The applicant is proposing to change the zoning from R-4 to C-1 to permit retail/office use. Two National Register eligible structures are proposed to be demolished. The subject site is located on the south side of Bardstown Road between Fegenbush Lane and Bannon Crossings Drive. The site is in the Neighborhood Form District with the beginning of a Suburban Marketplace Corridor Form District to the north and across Bardstown Road. The site is bordered on the south by R-4 zoned residentially used parcels. To the east are R-5 zoned parcels within the Bannon Crossings Subdivision that was rezoned under docket #9-18-03. To the west and across Havenview Drive is Resthaven Cemetery. To the north and across Taylorsville Road are C-1 zoned parcels, one is an office use (9-158-85) and the other is a restaurant.

LAND USE/ZONING DISTRICT/FORM DISTRICT TABLE

	Land Use	Zoning	Form District
<i>Subject Property</i>			
Existing	Single-family residential	R-4	Neighborhood
Proposed	Commercial/Office	C-1	Neighborhood
<i>Surrounding Properties</i>			
North	Office/Restaurant	C-1	Neighborhood/SMC
South	Single-family residential	R-4	Neighborhood
East	Single-family residential	R-4	Neighborhood
West	Cemetery	R-6	Neighborhood

APPLICABLE PLANS AND POLICIES

Cornerstone 2020
Land Development Code

STANDARD OF REVIEW FOR REZONING

Criteria for granting the proposed form district change/rezoning: KRS Chapter 100.213

1. The proposed form district/rezoning change complies with the applicable guidelines and policies Cornerstone 2020; OR
2. The existing form district/zoning classification is inappropriate and the proposed classification is appropriate; OR
3. There have been major changes of an economic, physical, or social nature within the area involved which were not anticipated in Cornerstone 2020 which have substantially altered the basic character of the area.

STAFF ANALYSIS FOR REZONING

Following is staff's analysis of the proposed rezoning against the Guidelines and Policies of Cornerstone 2020.

The site is located in the Neighborhood Form District

The Neighborhood Form is characterized by predominantly residential uses that vary from low to high density and that blend compatibly into the existing landscape and neighborhood areas. High-density uses will be limited in scope to minor or major arterials and to areas that have limited impact on the low to moderate density residential areas.

The Neighborhood Form will contain diverse housing types in order to provide housing choice for differing ages and incomes. New neighborhoods are encouraged to incorporate these different housing types within a neighborhood as long as the different types are designed to be compatible with nearby land uses. These types may include, but not be limited to large lot single family developments with cul-de-sacs, neo-traditional neighborhoods with short blocks or walkways in the middle of long blocks to connect with other streets, villages and zero lot line neighborhoods with open space, and high density multi-family condominium-style or rental housing.

The Neighborhood Form may contain open space and, at appropriate locations, civic uses and neighborhood centers with a mixture of uses such as offices, retail shops, restaurants and services. These neighborhood centers should be at a scale that is appropriate for nearby neighborhoods. The Neighborhood Form should provide for accessibility and connectivity between adjacent uses and neighborhoods by automobile, pedestrian, bicycles and transit.

Neighborhood streets may be either curvilinear, rectilinear or in a grid pattern and should be designed to invite human interaction. Streets are connected and easily accessible to each other, using design elements such as

short blocks or bike/walkways in the middle of long blocks to connect with other streets. Examples of design elements that encourage this interaction include narrow street widths, street trees, sidewalks, shaded seating/gathering areas and bus stops. Placement of utilities should permit the planting of shade trees along both sides of the streets.

The proposal is for high intensity zoning and is located along a major arterial with limited impact on adjacent residential as buffers and setbacks are mainly being met. The proposal will be a part of an existing center that has been established along the Bardstown Road corridor. The proposal includes new construction and the demolition of 2 historic buildings. The developments location along Bardstown Road indicates that there is sufficient population in the area and outside the area to support the zoning. The proposal is within a mixed use corridor that has been created along Bardstown Road. The proposal is compact and located adjacent to other similar and more intense uses making the proposal a cost effective investment.

CN zoning would be more appropriate zoning considering the unknown retail/office nature of the proposal.

All other agency comments should be addressed to demonstrate compliance with the remaining Guidelines and Policies of Cornerstone 2020.

A checklist is attached to the end of this staff report with a more detailed analysis. The Louisville Metro Planning Commission is charged with making a recommendation to the Louisville Metro Council regarding the appropriateness of this zoning map amendment. The Louisville Metro Council has zoning authority over the property in question.

STANDARD OF REVIEW AND STAFF ANALYSIS FOR VARIANCE

- (a) The requested variance will not adversely affect the public health, safety or welfare.

STAFF: The variance will not adversely affect the public health, safety or welfare because the proposed encroachment is only for a couple of feet into the setback. The landscape buffer requirements will be met along those property lines.

- (b) The requested variance will not alter the essential character of the general vicinity.

STAFF: The requested variance will not alter the essential character of the general vicinity because the encroachment is minimal and the landscape requirements within the buffer will be met.

- (c) The requested variance will not cause a hazard or nuisance to the public.

STAFF: The requested variance will not cause a hazard or nuisance to the public because the encroachment is minimal and the landscape requirements within the buffer will be met.

- (d) The requested variance will not allow an unreasonable circumvention of the zoning regulations.

STAFF: The requested variance will not allow an unreasonable circumvention of the zoning regulations because the building is encroaching into only a small portion of the setback.

ADDITIONAL CONSIDERATIONS:

1. The requested variance arises from special circumstances which do not generally apply to land in the general vicinity or the same zone.

STAFF: The requested variance does not arise from any special circumstances. The applicant is building the lot so that the building is parallel to the road.

2. The strict application of the provisions of the regulation would deprive the applicant of the reasonable use of the land or create an unnecessary hardship on the applicant.

STAFF: The strict application of the provisions of the regulation would create an unnecessary hardship on the applicant because it would prevent the majority of the building from being constructed as planned.

3. The circumstances are the result of actions of the applicant taken subsequent to the adoption of the zoning regulation from which relief is sought.

STAFF: The circumstances are the result of actions of the applicant taken subsequent to the adoption of the zoning regulation from which relief is sought.

STANDARD OF REVIEW AND STAFF ANALYSIS FOR WAIVER

- (a) The waiver will not adversely affect adjacent property owners; and

STAFF: The waiver will not adversely affect adjacent property owners since all the landscape requirements will be met in the buffer.

- (b) The waiver will not violate specific guidelines of Cornerstone 2020; and

STAFF: Guideline 3, Policy 9 of Cornerstone 2020 calls for protection of the character of residential areas, roadway corridors and public spaces from visual intrusions and mitigation when appropriate. Guideline 3, Policies 21 and 22 call for appropriate transitions between uses that are substantially different in scale and intensity or density, and mitigation of the impact caused when incompatible developments occur adjacent to one another through the use of landscaped buffer yards, vegetative berms and setback requirements to address issues such as outdoor lighting, lights from automobiles, illuminated signs, loud noise, odors, smoke, automobile exhaust or other noxious smells, dust and dirt, litter, junk, outdoor storage, and visual nuisances. Guideline 3, Policy 24 states that parking, loading and delivery areas located adjacent to residential areas should be designed to minimize impacts from noise, lights and other potential impacts, and that parking and circulation areas adjacent to streets should be screened or buffered. Guideline 13, Policy 4 calls for ensuring appropriate landscape design standards for different land uses within urbanized, suburban, and rural areas. Guideline 13, Policy 6 calls for screening and buffering to mitigate adjacent incompatible uses. The intent of landscape buffer areas is to create suitable transitions where varying forms of development adjoin, to minimize the negative impacts resulting from adjoining incompatible land uses, to decrease storm water runoff volumes and velocities associated with impervious surfaces, and to filter airborne and waterborne pollutants. The comprehensive plan is met since all the landscape requirements will be met in the buffer.

- (c) The extent of the waiver of the regulation is the minimum necessary to afford relief to the applicant; and

STAFF: The extent of the waiver of the regulation is the minimum necessary to afford relief to the applicant since all the landscape requirements will be met in the buffer.

- (d) Either:

(i) The applicant has incorporated other design measures that exceed the minimums of the district and compensate for non-compliance with the requirements to be waived (net beneficial effect); OR
(ii) The strict application of the provisions of the regulation would deprive the applicant of the reasonable use of the land or would create an unnecessary hardship on the applicant.

STAFF: The strict application of the provisions of the regulation would deprive the applicant of the reasonable use of the land or would create an unnecessary hardship on the applicant since all the landscape requirements will be met in the buffer.

STANDARD OF REVIEW AND STAFF ANALYSIS FOR DDP

- a. The conservation of natural resources on the property proposed for development, including: trees and other living vegetation, steep slopes, water courses, flood plains, soils, air quality, scenic views, and historic sites;

STAFF: There do not appear to be any environmental constraints on the subject site. Tree canopy requirements of the Land Development Code will be provided on the subject site. The historic resources are potentially eligible historic resources, the context is not fully known at this time.

- b. The provisions for safe and efficient vehicular and pedestrian transportation both within the development and the community;

STAFF: Provisions for safe and efficient vehicular and pedestrian transportation within and around the development and the community has been provided, and Metro Public Works and the Kentucky Transportation Cabinet have approved the preliminary development plan.

- c. The provision of sufficient open space (scenic and recreational) to meet the needs of the proposed development;

STAFF: There are no open space requirements pertinent to the current proposal.

- d. The provision of adequate drainage facilities on the subject site in order to prevent drainage problems from occurring on the subject site or within the community;

STAFF: The Metropolitan Sewer District has approved the preliminary development plan and will ensure the provision of adequate drainage facilities on the subject site in order to prevent drainage problems from occurring on the subject site or within the community.

- e. The compatibility of the overall site design (location of buildings, parking lots, screening, landscaping) and land use or uses with the existing and projected future development of the area;

STAFF: The overall site design and land uses are compatible with the existing and future development of the area. Appropriate landscape buffering and screening will be provided to screen adjacent properties and roadways. Buildings and parking lots will generally meet all required setbacks.

- f. Conformance of the development plan with the Comprehensive Plan and Land Development Code.

STAFF: The development plan conforms to applicable guidelines and policies of the Comprehensive Plan and to requirements of the Land Development Code.

TECHNICAL REVIEW

- Agency comments for this site have been addressed.

STAFF CONCLUSIONS

The property should be rezoned to CN in order to generally comply with the guidelines of the comprehensive plan.

Based upon the information in the staff report, the testimony and evidence provided at the public hearing, the Planning Commission must determine if the proposal is in conformance with the Comprehensive Plan; OR the existing form district/zoning classification is inappropriate and the proposed classification is appropriate; OR if there have been major changes of an economic, physical, or social nature within the area involved which were not anticipated in Cornerstone 2020 which have substantially altered the basic character of the area.

1	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1.-4.7	Community Form/Land Use Guideline 1: Community Form	B.3: The proposal is a neighborhood center with a mixture of uses such as offices, retail shops, restaurants and services at a scale that is appropriate for nearby neighborhoods.	-	The proposal is within a mixed use corridor that has been created along Bardstown Road. CN zoning would be more appropriate zoning considering the unknown retail/office nature of the proposal.
2	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1.-4.7	Community Form/Land Use Guideline 1: Community Form	B.3: If the proposal is high intensity, it is located on a major or minor arterial or an area with limited impact on low to moderate intensity residential uses.	✓	The proposal is for high intensity zoning and is located along a major arterial with limited impact on adjacent residential as buffers and setbacks are mainly being met.
3	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1.-4.7	Community Form/Land Use Guideline 2: Centers	A.1/7: The proposal, which will create a new center, is located in the Neighborhood Form District, and includes new construction or the reuse of existing buildings to provide commercial, office and/or residential use.	✓	The proposal will be a part of an existing center that has been established along the Bardstown Road corridor. The proposal includes new construction and the demolition of 2 historic buildings.
4	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1.-4.7	Community Form/Land Use Guideline 2: Centers	A.3: The proposed retail commercial development is located in an area that has a sufficient population to support it.	✓	The developments location along Bardstown Road indicates that there is sufficient population in the area and outside the area to support the zoning.
5	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1.-4.7	Community Form/Land Use Guideline 2: Centers	A.4: The proposed development is compact and results in an efficient land use pattern and cost-effective infrastructure investment.	-	The proposal is compact and located adjacent to other similar and more intense uses making the proposal a cost effective investment. CN zoning would be more appropriate zoning considering the mixed use nature of the proposal.
6	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1.-4.7	Community Form/Land Use Guideline 2: Centers	A.5: The proposed center includes a mix of compatible land uses that will reduce trips, support the use of alternative forms of transportation and encourage vitality and sense of place.	-	The proposal is part of a mostly non-residential corridor that has been established along Bardstown Road. CN zoning would be more appropriate zoning considering the mixed use nature of the proposal and would encourages a sense of place.
7	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1.-4.7	Community Form/Land Use Guideline 2: Centers	A.6: The proposal incorporates residential and office uses above retail and/or includes other mixed-use, multi-story retail buildings.	✓	The proposal is for the construction of commercial uses. The proposal is mixed use and is located in a mixed use area.
8	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1.-4.7	Community Form/Land Use Guideline 2: Centers	A.12: If the proposal is a large development in a center, it is designed to be compact and multi-purpose, and is oriented around a central feature such as a public square or plaza or landscape element.	✓	The development is multi-purpose but is not a large development.

#	Cornerstone 2020 Guidelines & Policies	Cornerstone 2020 Plan Element	Plan Element or Portion of Plan Element	Staff Finding	Staff Comments
9	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 2: Centers	A.13/15: The proposal shares entrance and parking facilities with adjacent uses to reduce curb cuts and surface parking, and locates parking to balance safety, traffic, transit, pedestrian, environmental and aesthetic concerns.	✓	Access to the site is from Havenview. A sidewalk is being provided along Bardstown Road as well as a pedestrian connection to the structure. Transit is also being provided for with the sidewalks.
10	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 2: Centers	A.14: The proposal is designed to share utility hookups and service entrances with adjacent developments, and utility lines are placed underground in common easements.	✓	The proposal will share access but not utilities with the adjacent uses.
11	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 2: Centers	A.16: The proposal is designed to support easy access by bicycle, car and transit and by pedestrians and persons with disabilities.	✓	The proposal supports access by all types of transportation due to its sidewalk, driveway, and parking facilities.
12	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 3: Compatibility	A.2: The proposed building materials increase the new development's compatibility.	✓	The building materials are similar or complementary to the building materials in the area.
13	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 3: Compatibility	A.4/5/6/7: The proposal does not constitute a non-residential expansion into an existing residential area, or demonstrates that despite such an expansion, impacts on existing residences (including traffic, parking, signs, lighting, noise, odor and stormwater) are appropriately mitigated.	✓	The proposal is not a non-residential expansion into a residential area as there are other non-residential uses adjacent to the site.
14	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 3: Compatibility	A.5: The proposal mitigates any potential odor or emissions associated with the development.	✓	APCD had no issues with the proposal.
15	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 3: Compatibility	A.6: The proposal mitigates any adverse impacts of its associated traffic on nearby existing communities.	✓	Transportation Planning has not indicated any issues with the traffic.
16	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 3: Compatibility	A.8: The proposal mitigates adverse impacts of its lighting on nearby properties, and on the night sky.	✓	Lighting will meet LDC requirements.
17	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 3: Compatibility	A.11: If the proposal is a higher density or intensity use, it is located along a transit corridor AND in or near an activity center.	✓	The proposal is not high intensity but is located along a transit corridor and along an activity corridor.
18	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 3: Compatibility	A.21: The proposal provides appropriate transitions between uses that are substantially different in scale and intensity or density of development such as landscaped buffer yards, vegetative berms, compatible building design and materials, height restrictions, or setback requirements.	✓	All required buffers are being provided.

#	Cornerstone 2020 Guidelines & Policies	Cornerstone 2020 Plan Element	Plan Element or Portion of Plan Element	Staff Finding	Staff Comments
19	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 3: Compatibility	A.22: The proposal mitigates the impacts caused when incompatible developments unavoidably occur adjacent to one another by using buffers that are of varying designs such as landscaping, vegetative berms and/or walls, and that address those aspects of the development that have the potential to adversely impact existing area developments.	✓	All required buffers are being provided.
20	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 3: Compatibility	A.23: Setbacks, lot dimensions and building heights are compatible with those of nearby developments that meet form district standards.	✓	The proposed building is encroaching into one of the setbacks adjacent to a residential use but LBA requirements will be met.
21	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 3: Compatibility	A.24: Parking, loading and delivery areas located adjacent to residential areas are designed to minimize adverse impacts of lighting, noise and other potential impacts, and that these areas are located to avoid negatively impacting motorists, residents and pedestrians.	✓	All required buffers are being provided.
22	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 3: Compatibility	A.24: The proposal includes screening and buffering of parking and circulation areas adjacent to the street, and uses design features or landscaping to fill gaps created by surface parking lots. Parking areas and garage doors are oriented to the side or back of buildings rather than to the street.	✓	All required buffers are being provided.
23	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 3: Compatibility	A.25: Parking garages are integrated into their surroundings and provide an active, inviting street-level appearance.	NA	A parking garage is not proposed.
24	Form Districts Goals C1-C4, Objectives C1.1-1.2, C2.1-2.7, C3.1-3.7, C4.1-4.7	Community Form/Land Use Guideline 3: Compatibility	A.28: Signs are compatible with the form district pattern and contribute to the visual quality of their surroundings.	✓	Signs will meet LDC requirements.
25	Livability Goals H3 and H5, all related objectives	Community Form/Land Use Guideline 4: Open Space	A.2/3/7: The proposal provides open space that helps meet the needs of the community as a component of the development and provides for the continued maintenance of that open space.	✓	Open space is provided in the form of buffers along the perimeter of the site.
26	Livability Goals H3 and H5, all related objectives	Community Form/Land Use Guideline 4: Open Space	A.4: Open space design is consistent with the pattern of development in the Neighborhood Form District.	✓	Open space is provided in the form of buffers along the perimeter of the site.
27	Livability Goals H3 and H5, all related objectives	Community Form/Land Use Guideline 4: Open Space	A.5: The proposal integrates natural features into the pattern of development.	✓	No natural features are evident on the site.

#	Cornerstone 2020 Guidelines & Policies	Cornerstone 2020 Plan Element	Plan Element or Portion of Plan Element	Staff Finding	Staff Comments
28	Livability Goals H3 and H5, all related objectives	Community Form/Land Use Guideline 5: Natural Areas and Scenic and Historic Resources	A.1: The proposal respects the natural features of the site through sensitive site design, avoids substantial changes to the topography and minimizes property damage and environmental degradation resulting from disturbance of natural systems.	✓	No natural features are evident on the site.
29	Livability Goals H3 and H5, all related objectives	Community Form/Land Use Guideline 5: Natural Areas and Scenic and Historic Resources	A.2/4: The proposal includes the preservation, use or adaptive reuse of buildings, sites, districts and landscapes that are recognized as having historical or architectural value, and, if located within the impact area of these resources, is compatible in height, bulk, scale, architecture and placement.	-	The extant 1910 structures are potentially eligible historic resources, the context is not fully known at this time. Historic Preservation staff recommends adaptively reusing the structures and reconfiguring the new building between the existing structures
30	Livability Goals H3 and H5, all related objectives	Community Form/Land Use Guideline 5: Natural Areas and Scenic and Historic Resources	A.6: Encourage development to avoid wet or highly permeable soils, severe, steep or unstable slopes with the potential for severe erosion.	✓	Soils are not an issue with the proposal.
31	People, Jobs and Housing Goal K4, Objective K4.1	Marketplace Guideline 6: Economic Growth and Sustainability	A.3: Encourage redevelopment, reinvestment and rehabilitation in the downtown where it is consistent with the form district pattern.	NA	The proposal is not located within a downtown.
32	Marketplace Strategy Goal A1, Objectives A1.3, A1.4, A1.5	Marketplace Guideline 6: Economic Growth and Sustainability	A.4: Encourage industries to locate in industrial subdivisions or adjacent to existing industry to take advantage of special infrastructure needs.	NA	The proposal is not for industrial.
33	Land Use and Transportation Connection Goal E1, Objectives E1.1 and E1.3	Marketplace Guideline 6: Economic Growth and Sustainability	A.6: Locate retail commercial development in activity centers. Locate uses generating large amounts of traffic on a major arterial, at the intersection of two minor arterials or at locations with good access to a major arterial and where the proposed use will not adversely affect adjacent areas.	✓	The commercial component of the development is located directly along the major arterial, Bardstown Road.
34	Land Use and Transportation Connection Goal E1, Objectives E1.1 and E1.3	Marketplace Guideline 6: Economic Growth and Sustainability	A.8: Require industrial development with more than 100 employees to locate on or near an arterial street, preferably in close proximity to an expressway interchange. Require industrial development with less than 100 employees to locate on or near an arterial street.	NA	The proposal is not for industrial.
35	Mobility Goals A1-A6, B1, C1, D1, E1, E2, F1, G1, H1-H4, I1-I7, all related Objectives	Mobility/Transportation Guideline 7: Circulation	A.1/2: The proposal will contribute its proportional share of the cost of roadway improvements and other services and public facilities made necessary by the development through physical improvements to these facilities, contribution of money, or other means.	✓	Roadway improvements are not necessary with this proposal.

#	Cornerstone 2020 Guidelines & Policies	Cornerstone 2020 Plan Element	Plan Element or Portion of Plan Element	Staff Finding	Staff Comments
36	Mobility Goals A1-A6, B1, C1, D1, E1, E2, F1, G1, H1-H4, I1-I7, all related Objectives	Mobility/Transportation Guideline 7: Circulation	A.3/4: The proposal promotes mass transit, bicycle and pedestrian use and provides amenities to support these modes of transportation.	✓	A sidewalk is located along Bardstown Road to address pedestrian and transit traffic. The proposal supports access by all types of transportation due to its sidewalk, driveway, and parking facilities.
37	Mobility Goals A1-A6, B1, C1, D1, E1, E2, F1, G1, H1-H4, I1-I7, all related Objectives	Mobility/Transportation Guideline 7: Circulation	A.6: The proposal's transportation facilities are compatible with and support access to surrounding land uses, and contribute to the appropriate development of adjacent lands. The proposal includes at least one continuous roadway through the development, adequate street stubs, and relies on cul-de-sacs only as short side streets or where natural features limit development of "through" roads.	✓	The proposal shares private access with several residential lots along Havenview.
38	Mobility Goals A1-A6, B1, C1, D1, E1, E2, F1, G1, H1-H4, I1-I7, all related Objectives	Mobility/Transportation Guideline 7: Circulation	A.9: The proposal includes the dedication of rights-of-way for street, transit corridors, bikeway and walkway facilities within or abutting the development.	✓	The proposal includes right-of-way dedications for public use.
39	Mobility Goals A1-A6, B1, C1, D1, E1, E2, F1, G1, H1-H4, I1-I7, all related Objectives	Mobility/Transportation Guideline 7: Circulation	A.10: The proposal includes adequate parking spaces to support the use.	✓	The proposal meets the minimum parking requirements for the proposed uses as listed in the Land Development Code.
40	Mobility Goals A1-A6, B1, C1, D1, E1, E2, F1, G1, H1-H4, I1-I7, all related Objectives	Mobility/Transportation Guideline 7: Circulation	A.13/16: The proposal provides for joint and cross access through the development and to connect to adjacent development sites.	✓	The proposal shares private access with several residential lots along Havenview.
41	Mobility Goals A1-A6, B1, C1, D1, E1, E2, F1, G1, H1-H4, I1-I7, all related Objectives	Mobility/Transportation Guideline 8: Transportation Facility Design	A.8: Adequate stub streets are provided for future roadway connections that support and contribute to appropriate development of adjacent land.	NA	No new roadways are proposed.
42	Mobility Goals A1-A6, B1, C1, D1, E1, E2, F1, G1, H1-H4, I1-I7, all related Objectives	Mobility/Transportation Guideline 8: Transportation Facility Design	A.9: Avoid access to development through areas of significantly lower intensity or density if such access would create a significant nuisance.	✓	Access to the site is from the private Havenview Drive.
43	Mobility Goals A1-A6, B1, C1, D1, E1, E2, F1, G1, H1-H4, I1-I7, all related Objectives	Mobility/Transportation Guideline 8: Transportation Facility Design	A.11: The development provides for an appropriate functional hierarchy of streets and appropriate linkages between activity areas in and adjacent to the development site.	NA	No new roadways are proposed.
44	Mobility Goals A1-A6, B1, C1, D1, E1, E2, F1, G1, H1-H4, I1-I7, all related Objectives	Mobility/Transportation Guideline 9: Bicycle, Pedestrian and Transit	A.1/2: The proposal provides, where appropriate, for the movement of pedestrians, bicyclists and transit users around and through the development, provides bicycle and pedestrian connections to adjacent developments and to transit stops, and is appropriately located for its density and intensity.	✓	Pedestrians and transit users are being provided for with the sidewalk along Bardstown Road. The proposal supports access by all types of transportation due to its sidewalk, driveway, and parking facilities.

#	Cornerstone 2020 Guidelines & Policies	Cornerstone 2020 Plan Element	Plan Element or Portion of Plan Element	Staff Finding	Staff Comments
45	Livability, Goals B1, B2, B3, B4, Objectives B1.1-1.8, B2.1-2.7, B3.1-3.4, B4.1-4.3	Livability/Environment Guideline 10: Flooding and Stormwater	The proposal's drainage plans have been approved by MSD, and the proposal mitigates negative impacts to the floodplain and minimizes impervious area. Solid blue line streams are protected through a vegetative buffer, and drainage designs are capable of accommodating upstream runoff assuming a fully-developed watershed. If streambank restoration or preservation is necessary, the proposal uses best management practices.	✓	MSD issues have been resolved.
46	Livability Goals C1, C2, C3, C4, all related Objectives	Livability/Environment Guideline 12: Air Quality	The proposal has been reviewed by APCD and found to not have a negative impact on air quality.	✓	APCD has no issues with the proposal.
47	Livability, Goals F1 and F2, all related objectives	Livability/Environment Guideline 13: Landscape Character	A.3: The proposal includes additions and connections to a system of natural corridors that can provide habitat areas and allow for migration.	✓	No natural features are evident on the site.
48	Quality of Life Goal J1, Objectives J1.1-1.2	Community Facilities Guideline 14: Infrastructure	A.2: The proposal is located in an area served by existing utilities or planned for utilities.	✓	Existing utilities will serve the site.
49	Quality of Life Goal J1, Objectives J1.1-1.2	Community Facilities Guideline 14: Infrastructure	A.3: The proposal has access to an adequate supply of potable water and water for fire-fighting purposes.	✓	An adequate water supply is available to the site.
50	Livability Goal B1, Objective B1.3	Community Facilities Guideline 14: Infrastructure	A.4: The proposal has adequate means of sewage treatment and disposal to protect public health and to protect water quality in lakes and streams.	✓	The Health Department has no issues with the proposal.

4. Proposed Binding Elements

1. The development shall be in accordance with the approved district development plan, all applicable sections of the Land Development Code (LDC) and agreed upon binding elements unless amended pursuant to the Land Development Code. Any changes/additions/alterations of any binding element(s) shall be submitted to the Planning Commission or the Planning Commission's designee for review and approval; any changes/additions/alterations not so referred shall not be valid.
2. No outdoor advertising signs, small freestanding signs, pennants, balloons, or banners shall be permitted on the site.
3. Construction fencing shall be erected when off-site trees or tree canopy exists within 3' of a common property line. Fencing shall be in place prior to any grading or construction to protect the existing root systems from compaction. The fencing shall enclose the entire area beneath the tree canopy and shall remain in place until all construction is completed. No parking, material storage or construction activities are permitted within the protected area.
4. Before any permit (including but not limited to building, parking lot, change of use, site disturbance, alteration permit or demolition permit) is requested:

- a. The development plan must receive full construction approval from Develop Louisville, Louisville Metro Public Works and the Metropolitan Sewer District.
 - b. Encroachment permits must be obtained from the Kentucky Department of Transportation, Bureau of Highways.
 - c. The property owner/developer must obtain approval of a detailed plan for screening (buffering/landscaping) as described in Chapter 10 prior to requesting a building permit. Such plan shall be implemented prior to occupancy of the site and shall be maintained thereafter.
 - d. A minor plat or legal instrument shall be recorded consolidating the property into one lot. A copy of the recorded instrument shall be submitted to the Division of Planning and Design Services; transmittal of the approved plans to the office responsible for permit issuance will occur only after receipt of said instrument.
5. A certificate of occupancy must be received from the appropriate code enforcement department prior to occupancy of the structure or land for the proposed use. All binding elements requiring action and approval must be implemented prior to requesting issuance of the certificate of occupancy, unless specifically waived by the Planning Commission.
 6. There shall be no outdoor music (live, piped, radio or amplified) or outdoor entertainment or outdoor PA system permitted on the site.
 7. The applicant, developer, or property owner shall provide copies of these binding elements to tenants, purchasers, contractors, subcontractors and other parties engaged in development of this site and shall advise them of the content of these binding elements. These binding elements shall run with the land and the owner of the property and occupant of the property shall at all times be responsible for compliance with these binding elements. At all times during development of the site, the applicant and developer, their heirs, successors; and assignees, contractors, subcontractors, and other parties engaged in development of the site, shall be responsible for compliance with these binding elements.
 8. The materials and design of proposed structures shall be substantially the same as depicted in the rendering as presented at the May 11, 2017 Planning Commission meeting.
 9. No idling of trucks shall take place within 200 feet of single-family residences. No overnight idling of trucks shall be permitted on-site.
