CASE SUMMARY/BACKGROUND

The applicant proposes to create two lots from one (Lot 128) in the CL Coopers Subdivision. This subdivision was recorded in 1926 and consists of medium density single family homes. The property is zoned R-4 Residential Single Family. The lot is unaddressed and is located on the south side of Cooper Avenue in between Filson Fields Drive and Estelle Court, having frontage solely on the local-class road (Cooper Avenue). There is an existing curb cut onto Cooper Avenue to provide access to proposed Tract B and no existing access to proposed Tract A. The current lot is 40,234 square feet, 124.5 feet wide (road frontage), rectangular in shape, and does not contain any structures. After the subdivision, Tract A will be 20,070 square feet and Tract B will be 20,164 square feet. Per section 7.1.91 of the LDC, the Planning Commission shall have the power to amend any recorded plat, if reasonable notice and an opportunity to express objections or concerns have been given to all persons affected by the recorded plat amendment.
