

PROPOSED DEVELOPMENT

The owners of the property located at 3122 Dixie Highway are looking to add two additions to the existing building. The new spaces are for a new laundromat and a grocery type store. With the abundant multi-family dwelling in the area, the expansion is hoping to fulfill a need for the area. Many of nearby apartments being within walking distance and the location being on a TARC Route, they hope to provide for the people of the community that are unable to travel long distances for these services.
