Public Hearing**

**Dante St. Germain, Planner I  
December 4, 2017**

# Requests

- **Variance:** from Land Development Code section 5.3.2.C.2.b to allow a structure to encroach into the required side yard setback where a non-residential use abuts a structure with first floor residential use.

Location	Requirement	Request	Variance
Side Yard	25 feet	16.9 feet	8.1 feet

# Case Summary / Background

- The subject property is located at the corner of Dixie Highway and Paramount Drive.
- The applicant proposes a shed in the rear of the building, which is the side yard of the property.
- The side yard abuts a single-family residential property, and a 25-foot side yard is therefore required. The shed is proposed to be 16.9 feet from the property line at its point of greatest encroachment.
- The side yard is enclosed with a privacy fence, and the shed will be entirely inside this fence.
