

Charles Travis Gardner “Chase”

645 Inverness Ave Louisville, KY 40214

As a full time Behavioral Health Associate, and a full time Father, I believe I process an understanding of the job duties associated with being a Metro Council Representative for District 21. With exceptional people and problem-solving skills, I feel I would be a valuable asset to this challenging but rewarding role as the new Metro Council Representative for District 21. I have over 10 years of experience in the public health setting and working with the public. I have a passion for the people, and the community in which I live. Though originally from Shelbyville, my residence status in Louisville is well over 9 years, most recently the 21st district as of April 2016. District 21 provides a diversity that I enjoy. I feel that this district offers much for my growing family; the beauty of its people and the beauty of its land. I see much potential for growth and I would like to take part in that growth.
