Request

The Office of Vacant & Public Property Administration is seeking approval to sell the property located at 2116 Pirtle Street through the Real Estate Disposition Program known as “Adjacent Side Yards”.

Overview

The Louisville and Jefferson County Landbank Authority, Inc. (the “Authority”) owns over 400 vacant lots; many of which have been in the Authority’s inventory for over a decade. Although a small portion of the total number of vacant properties collectively, these undeveloped sites pose a hindrance to strengthening neighborhoods. Even though they are non-tax revenue assets, Louisville Metro spends over \$500,000 annually to maintain these properties.

The Adjacent Side Yard Disposition Program was created to allow for the sale of city-own, vacant land to adjacent property owners. This program was adopted by the Authority on September 11, 2017 via Resolution 27, Series 2017. This resolution set a maximum square footage of 4,000 and a minimum asking price of \$1.00 for each vacant lot sold under this real estate disposition program.

Program Description

Adjacent Side Yards: This program allows the Applicant to purchase any unimproved land that is up to 4,000 square feet and adjacent to the property currently owned by the applicant.

Note: Applicants are required to submit proof of ownership of the adjacent property to participate.
