Certification Statement: A certification statement **must be submitted** with any application in which the owner(s) of the subject property is (are) a limited liability company, corporation, partnership, association, trustee, etc., or if someone other than the owner(s) of record sign(s) the application.

I, Brad Zimmerman, in my capacity as owner, hereby
representative/authorized agent/other

certify that Brad Zimmerman & Amy Zimmerman is (are) the owner(s) of the property which
name of LLC / corporation / partnership / association / etc.

is the subject of this application and that I am authorized to sign this application on behalf of the owner(s).

Signature: Brad Zimmerman Date: 5-8-18

I understand that knowingly providing false information on this application may result in any action taken hereon being declared null and void. I further understand that pursuant to KRS 523.010, et seq. knowingly making a material false statement, or otherwise providing false information with the intent to mislead a public servant in the performance of his/her duty is punishable as a Class B misdemeanor.

18 COA 1103

Please submit the completed application along with the following items:

Required for every application:

- ☐ Land Development Report¹
- ☐ Current photographs showing building front, specific project area, and surrounding buildings
- ☐ Elevations, pictures, samples, brochures, or other technical data describing materials, such as windows, doors, roofing, fencing, etc. to be used in the renovation or replacement

Site and Project plan: *(required for building additions, new structures and fencing)*

- ☐ Site plan *drawn to scale* with dimensions, as applies to the project, indicating property lines, structures, landscaping, fencing, and parking
- ☐ Floor plans *drawn to scale* with dimensions and each room labeled
- ☐ Elevation drawings (a drawing showing exterior walls) *drawn to scale* with dimensions.
For fencing, only photos/drawings of the proposed fence are required.

Committee Review Only

Committee reviews may be required due to the complexity of the case. The necessity of these items will be determined by staff upon review. Projects requiring committee level review include construction of new buildings, demolition, and projects that vary widely from design guidelines.

- ☐ Two sets of 11"x17" format site plans drawn to scale with dimensions
- ☐ Two sets of 11"x17" elevation drawings to scale with dimensions
- ☐ Two sets of 11"x17" landscaping drawings to scale with dimensions
- ☐ One set of mailing label sheets for: 1st tier Adjoining Property Owners (APOs)³, owners, applicants, contacts, and Case Manager. Applicant is responsible for mailing.
- ☐ One copy of the mailing label sheets

Submittal Instructions:

Applications are due on Fridays at 5:00 p.m. Once complete, please bring the application and supporting documentation to: Planning and Design Services, located at 444 South 5th Street, Suite 300. For more information, call (502) 574-6230 or visit <https://louisvilleky.gov/government/planning-design/>

Definitions:

Certificate of Appropriateness: A project involving physical changes to the exterior of a building, structure, or property designated as a local landmark or located within a local preservation district shall require prior approval in the form of a Certificate of Appropriateness. An approval requires substantial conformance to design guidelines established for each landmark and district. The design guidelines, along with other information regarding local preservation districts, may be found at the website of the Landmarks and Preservation Districts Commission:

<https://louisvilleky.gov/government/planning-design/historic-preservation-landmarks-and-overlay-districts>

Overlay District Permit: A project involving physical changes to the exterior of a building, structure, or property within an overlay district shall require prior approval in the form of an Overlay Permit. An approval requires substantial conformance to design guidelines established for each overlay district. The design guidelines, along with other information regarding overlay districts, may be found at the following website:

<https://louisvilleky.gov/government/planning-design/historic-preservation-landmarks-and-overlay-districts>

DESIGN SERVICES

Showcase your home with our 4000 Series Vinyl Windows. With top energy efficiency, exceptional strength, and beautifully clean, sleek lines, they'll provide you everything you're looking for, and more. Our promise to you, "Simply the Best for Less."[®]

Horizontal sliding windows offer a high, uninterrupted viewing area.

Energy-efficient options and a variety of stylish design choices offer numerous opportunities to customize our 4000 Series Replacement Windows to suit your needs. Choose to upgrade with our SolarZone[™] glass packages to help improve thermal performance and ensure energy cost savings. A variety of operational configurations gives you the ability to select the window style that will make the most of your home. Choose from our white or almond color offerings with options to add an interior woodgrain laminate, rich-hued exterior color, plus multiple distinctive grid patterns, and you can beautifully achieve your design aspirations. After Window World's expert installation, you'll rest assured knowing you've chosen the best quality windows available.

Best-in-Class Features:

1. Welded, heavy-duty vinyl construction provides superior strength and durability while multiple hollow chambers in the mainframe create sealed air spaces for an effective insulating barrier.
2. Optional high-density foam throughout the mainframe offers superior thermal performance.
3. The beveled exterior edge adds style and curb appeal to an already sleek design.
4. Dual- and triple-pane insulating glass creates a sealed air space between the panes that is enhanced by our Duralife[®] warm-edge spacer system.
5. Metal reinforcements at the meeting rail add further stability.
6. Precision, opposing cam locks secure your window without interrupting sight lines.
7. Heavy-duty weatherstripping and interlocking sashes help to keep weather and wind outside.
8. An easily removable latching half screen gives you the freedom to let air in while keeping pests out. Featuring Clarify[®] mesh, the screen allows you to focus on what's important: the view.
9. Precision tilt latches can be released to tilt both top and bottom sashes into the home for easy cleaning.
10. Detent clip keeps the top sash from drifting while an inverted-coil balance system ensures both sashes will stay where you put them, no matter the position.
11. Balance channel covers help achieve a polished look.
12. Push-button vent latches allow for overnight ventilation while giving you added peace of mind.
13. Welded combination sill featuring a deflection leg enhances rigidity and a five-degree sloped sill directs water away from the home and eliminates unsightly weep holes.
14. Full-length, integrated ergonomic lift rails provide convenient, easy operation. Bevel on bottom rail makes gripping easy.
15. Series consists of double-hung, double sliding, picture, and architectural shape windows.

Sliding Window Features:

- Heavy-duty tandem rollers ensure easy, consistent operation.
- Two- or three-panel configurations are available.

Energy-Saving Glass Packages:

Our SolarZone[™] insulated glass packages help you save on heating and cooling costs while also keeping your home more comfortable. In warm weather, SolarZone reduces solar heat gain, minimizes interior glare, and lowers inside glass temperature to save energy and keep you cool. In cold weather, SolarZone helps to control the heat inside your home by providing thermal protection that keeps the inside glass panel warmer.

	Double-Hung		Sliding	
	U-Factor	SHGC	U-Factor	SHGC
Clear Glass	0.44	0.57	0.44	0.57
