

Landmarks Certificate of Appropriateness & Overlay District Permit

Louisville Metro Planning & Design Services

Case No.: 18COA1137

Intake Staff: YH

Date: 6/15/2018

Fee: 0

Instructions:

For detailed definitions of *Certificate of Appropriateness* and *Overlay District Permit*, please see page 4 of this application. Applications for *Signage* are no longer submitted to Planning & Design Services. Applications for Signage are to be made directly to the Construction Review Division.

Project Information:

Certificate of Appropriateness: ☐ Butchertown ☐ Clifton ☒ Cherokee Triangle ☐ Individual Landmark
☐ Limerick ☐ Old Louisville ☐ Parkland Business ☐ West Main Street

Overlay Permit: ☐ Bardstown/Baxter Ave Overlay (BRO) ☐ Downtown Development Review Overlay (DDRO)
☐ Nulu Review Overlay District (NROD)

Project Name: 814 CHEROKEE

Project Address / Parcel ID: 814 & 816 Cherokee Rd. / 068K 0032 0000

Deed Book(s) / Page Numbers²: Deed Book: 10394 Page Number: 0029-0032

Total Acres: 0.25450

Project Cost: \$450,000

PVA Assessed Value: \$925,000

Existing Square Feet: 2438 (1st fl) New Construction Square Feet: 1634 Height (ft.): 25 Stories: 2
2114 (2nd fl.)

Project Description (use additional sheets if needed):

The proposed project is to construct a 1,634 sf addition to the rear side (facing parking lot) of the existing 2,438 sf historic building. The addition will be of it's time, contemporary, and of minimal detail so as to not detract from the existing historic structure. The western & southern portion of the addition will be clad with metal panels and a metal roof. Large glazed openings are used to break up the metal facade. The south/eastern lower structure will be clad with dark painted concrete board. This structure mimics the height of the lower, secondary structure, to the historic building. The existing exterior wood deck & stair entry to the second floor residential area will be removed and an enclosed (open air), stair to upper deck, shielded by parapet wall, will be constructed. The deck & stair will not be visible from the exterior of the building. A new entry into the 2nd floor residential area is proposed to help tie the new addition together with the second floor.

Historic Structure - The existing historic structure was built around 1921 and has had many alterations over the years. An exterior wooden lattice, wood enframement surrounding the door, and a mid-level bracketed cornice was removed at some point in history and the building was clad in permastone. The result skewed the proportions of the building, made it very flat and top heavy, and it lost the connection to the pedestrian scale. Investigations have been made to determine the original exterior cladding material and, as suspected, it is a dark colored brick. *please see attached additional sheets*

Certification Statement: A certification statement **must be submitted** with any application in which the owner(s) of the subject property is (are) a limited liability company, corporation, partnership, association, trustee, etc., or if someone other than the owner(s) of record sign(s) the application.

I, BROOKE BARZUN, in my capacity as representative/authorized agent/other, hereby

certify that FB 2011 LLC is (are) the owner(s) of the property which
name of LLC / corporation / partnership / association / etc.

is the subject of this application and that I am authorized to sign this application on behalf of the owner(s).

Signature:

Brooke Barzun

Date: 4/9/2018

I understand that knowingly providing false information on this application may result in any action taken hereon being declared null and void. I further understand that pursuant to KRS 523.010, et seq. knowingly making a material false statement, or otherwise providing false information with the intent to mislead a public servant in the performance of his/her duty is punishable as a Class B misdemeanor.

18 COA 1137

Please submit the completed application along with the following items:

Project information

- ☒ Land Development Report¹
- ☒ Current photographs showing building front, specific project area, and surrounding buildings
- ☐ Pictures, samples, brochures, or other technical data describing materials, such as windows, doors, roofing, fencing, etc. to be used in the renovation or replacement
- ☒ One map of the project area and surrounding properties (may be obtained from <http://www.lojic.org/> using the *LOJIC Online Map*)

Site plan (see site plan example on next page)

- ☒ Two sets of site plans *drawn to scale* with dimensions, as applies to the project, indicating property lines, structures, landscaping, fencing, and parking
- ☒ Two copies of floor plans *drawn to scale* with dimensions and each room labeled
- ☒ Two copies of elevation drawings (a drawing showing exterior walls) *drawn to scale* with dimensions. For fencing, only photos/drawings of the proposed fence are required.

Committee Review Only

Committee reviews may be required due to the complexity of the case. The necessity of these items will be determined by staff upon review. Projects requiring committee level review include construction of new buildings, demolition, and projects that vary widely from design guidelines.

- ☐ Two sets of 11"x17" format site plans drawn to scale with dimensions
- ☐ Two sets of 11"x17" elevation drawings to scale with dimensions
- ☐ Two sets of 11"x17" landscaping drawings to scale with dimensions
- ☒ One set of mailing label sheets for: 1st tier Adjoining Property Owners (APOs)³, owners, applicants, contacts, and Case Manager. Applicant is responsible for mailing.
- ☒ One copy of the mailing label sheets

Resources:

1. Detailed instructions to obtain a Land Development Report are available online at: <http://ags2.lojic.org/lojiconline/>
2. Deeds and plats can be found at the Jefferson County Clerk's Office, located at the 2nd floor of Metro Hall (527 West Jefferson Street, telephone: 502-574-6220). Many deeds, plats and other records are available online at: <http://www.landrecords.jcc.ky.gov/records/S0Search.html>
3. Adjoining property ownership information can be found at the Property Valuation Administrator (PVA) office at 531 Court Place, Suite 504 or via their website: <https://jeffersonpva.ky.gov/>
4. View agency comments at: <http://portal.louisvilleky.gov/codesandregs/mainsearch>. Enter your case number in the 'Permit/Case/Docket Number' search bar and then select your case under the 'Application Number' tab.

18 COA 1137

Landmarks Certificate of Appropriateness Application

814 & 816 CHEROKEE ROAD

Project Description (*continued*)

The proposed design is to stain the existing permastone a dark color, the intent of staining the permastone a darker color is to unify the multitude of colors on the facade, inconsistent mortar, as well as to bring back the vibrancy & tone of the original brick color. Many of the existing storefront windows have failed, seals have failed and two of the windows have broken glass. It is proposed to replace the existing storefront windows with the same size glass and same size spacing & frame structure. The second floor currently has double hung storm windows over the historic in-swing French casement windows. It is proposed to replace the double hung storms with new sliding storm windows. The sliding storm will have a vertical divide aligning with the frames of the historic in-swing french casement windows. A new mid-level cornice is proposed to restore the scale and proportions of the original structure, this design feature was inspired by the historic photographs. A new metal enframement is proposed to surround the front entry door, this is to again emphasize the entry and add depth to the front facade, as was the original character of the structure (per historic photographs). The original window frames were painted white, it is proposed to paint the existing window frames white again.

It is proposed to remove a portion of the large 18 ft wide sidewalk and install a new grass verge with three street trees. The width of the grass verge will be 9' wide to match adjacent properties either side of the building. It is proposed to include a small sign, approx. 4'-6" wide x 2'-2" tall, over the main entry door, the nonemclature of the sign is not yet know at this time, but will be submitted to Landmarks for review. Please see exterior elevations, renderings & historic photographs.
