MAYOR**

**YU "EMILY" LIU, AICP
DIRECTOR**

October 30, 2018

To: Planning Committee
From: Chris French, AICP, Planning Supervisor

Re: Comp_Plan_EffectiveDate

In accordance with the Bylaws of the Louisville Metro Planning Commission, the Planning Committee is charged with several reviews; one of which is the development and maintenance of the comprehensive plan. With the adoption of Plan 2040 and its subsequent effective date of January 1, 2019, the question of transition from one comprehensive plan to another regarding Land Development Code application reviews has arisen. To address this issue, planning staff has drafted a resolution for review and approval by the Planning Commission. This resolution states that all Land Development Code applications submitted prior to January 1, 2019, shall be reviewed using Cornerstone 2020 and all applications after that date shall be reviewed using Plan 2040. Staff requests that the Planning Committee review the proposed resolution to determine whether the resolution is ready for consideration by the Planning Commission.
