TIMBERLINE® HD
LIFETIME HIGH DRAINAGE SHINGLES

Shingles to match house.

NOTE: It is difficult to reproduce the color and texture of the actual product. Before selecting your color, please ask to see several full-size shingles.

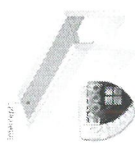

¹ The wind speed coverage requires special installation. See GAF Shingle & Accessory Ltd. Warranty for details.
² See Timberline® or RidgeCap® Premium Ridge Cap Shingles for details.
³ The word "Lifetime" refers to the length of coverage provided by the GAF Shingle Technology. It does not mean that the shingle is guaranteed to last the entire life of the building or the original individual owner(s) of a single-family detached residence (or the owner(s) of a multi-unit residential building) in certain circumstances. See the actual warranty for details. Coverage is void if the shingle is not properly installed. For owners' structures not meeting the above criteria, Lifetime coverage is not available in all areas. See www.gaf.com/ridgecapability for details.

ENERGY SAVING GLASS

Energy Saver®—Reduce Heat Loss Up To 30%

Get the most cost-efficient energy upgrade, the Energy Saver package includes upgrades from clear to Low-E glass and argon gas for improved thermal performance. Energy Saver reduces heat loss by 30% compared to clear insulating glass.

Energy Saver® Plus—Reduce Heat Loss Up To 40%

The best value in insulating glass, Energy Saver Plus includes argon gas for improved thermal performance and Low-E glass. With these upgrades, Energy Saver Plus helps you save energy through improved thermal performance, reduces solar heat gain and helps protect interior furnishings from fading. Energy Saver Plus reduces heat loss by 40% compared to clear insulating glass.

Tempered Glass

Tempered glass is the result of a heat-treating process, which makes it stronger. After glass has been tempered it will not fall into dangerous shards, but shatters into small, rounded pieces. Local codes often require tempered glass to be used in all windows that are close to the floor, or near doors, bathtubs or showers.

Neat® Glass*

With this glass option you gain natural cleaning convenience. By harnessing the power of water, Neat® says when the sky is cloudy, it rains dirt from the glass, rainwater can easily rinse away grime. No manual cleaning is required.

Textured and Tinted Glass*

*Subject to regional availability.
