REF. NO. 9-86-88 (Jefferson County)

Developer: Frisch's Restaurant
Location: Maplebrook
Request: Detailed District Development Plan

RESOLVED, that the Land Development and Transportation Committee does hereby APPROVE Docket No. 9-86-88, subject to the following binding elements:

- The development will be in accordance with the approved district development plan. No further development will occur without prior approval from the Planning Commission.
- The development shall not exceed 6,430 square feet of gross floor area.
- Before a building or alteration permit and/or a certificate of occupancy is requested:
 - The development plan must be reapproved by the Jefferson County Department of Public Works and Transportation and the Metropolitan Sewer District.
 - The size and location of any proposed sign must be approved by the Planning Commission. The Planning Commission may require that the signs be smaller than would otherwise be permitted by the Zoning District Regulations. The property owner/developer must obtain approval of a detailed plan for screening (buffering/landscaping) as described in Article 12 and as agreed to as of this date for the length of the road herein made part of the plan and as such Frisch's is but one part. Such plan shall be of record and the Frisch's portion thereof implemented prior to requesting a certificate of occupancy and maintained thereafter.
 - No outdoor advertising signs (billboards), small freestanding (temporary) signs, pennants or banners shall be permitted on the site.
 - If a building permit is not issued within one year of the date of approval of the plan, the property shall not be used in any manner unless a revised district development plan is approved or an extension is granted by the Planning Commission.
 - The above binding elements may be amended as provided for in the Zoning District Regulations.
