# Office of Performance Improvement

## Our Services

### Strategic Planning & Performance Management

- Strategic plan development and assessment
- LouieStat management

### Continuous Improvement

- Problem solving, Plan-Do-Check-Act (PDCA) methodology
- Process monitoring and assessment

### Evaluation & Data Analysis

- Program planning and evaluation
- Data collection and analysis

### Project Management

- Cross-functional team support
- Training, tools and governance development

### Talent Management

- Management of the employee life-cycle
- Organizational design and cultural alignment

9	<b>Communicate</b>	Communicate plan with all employees	<ul style="list-style-type: none"> <li>• Identify best way to communicate</li> <li>• Send plan to OPI Chief</li> <li>• Build a Communication Plan</li> </ul>	<ul style="list-style-type: none"> <li>• Communication Plan</li> </ul>
10	<b>Do</b>	Work the plan and track progress	<ul style="list-style-type: none"> <li>• Identify how to track progress</li> <li>• Report progress in LouieStat</li> <li>• Improve operations and programs</li> </ul>	<ul style="list-style-type: none"> <li>• Status Report, PDCA Tools</li> </ul>

# Louisville Metro's Strategic Plan

## Themes:

<i>Theme</i>	<i>Definition</i>
Lifelong Learning	Successful cities embrace lifelong learning. Louisville Metro Government creates and supports learning opportunities for our employees, and champions community learning through the Cradle to Career/Louisville Promise initiative. LMG will fully support C2C's "whole child" focus (mental, physical and social development), as well as a post-secondary promise scholarship and the lifetime training required for successful 21st century careers. Supporting the Ready4K Alliance and JCPS are integral to this goal. LMG will also work with UofL and other higher education institutions to create best practices in Town and Gown relations. The end result of lifelong learning is an equitable, high performance city where all citizens' human potential is thriving.
Equity, Resilience, and Compassion	Louisville is committed to creating a culture of equity, resilience and compassion, by addressing structures and systems that prevent residents from achieving their full human potential. The plan integrates equity in Metro procurement to best practice levels and ensures the workforce and its leadership are representative of the community. LMG will champion community policies, practices and culture change initiatives that advance equity, and examine issues and recommend policies to encourage investment without displacement. This includes the work of Lean Into Louisville, which aims to provide education and initiate conversation, which in turn prompt community action to overcome all forms of discrimination. Our community-driven Resilience Plan makes our community more resilient to shocks and stressors by addressing the challenges faced by Louisville's most vulnerable populations, our environment (including MSD's Critical Repair Plan) and other issues related to climate change. Advancing our sustainability work is imbedded in this goal. Our compassion work builds on the Compassionate Schools Program, mindfulness and emotional health improvements, affordable housing progress, support of veterans and expansion of the Give A Day Week of Service into a year-long culture of service.
Safe and Healthy City	Our administration's highest priority is public safety. This theme includes our public health system's work addressing the root causes of poor health outcomes, violence and inequity, with an emphasis on the social determinants of health. Actions involve building equity among residents in housing, economic opportunity, education, environmental quality, transportation, digital inclusion and criminal justice. Continued attention to address substance use disorders, homelessness and trauma is included in this goal. This work will accelerate co-production of safety by our citizens, LMPD, OSHN, Corrections and LYDC, through a comprehensive six pillar violence reduction strategy consisting of enforcement, prevention, intervention, organizational change, community mobilization and reentry, as well as our work in Black Male Achievement. The next stage of this work includes ongoing improvement of SafeStat 2.0, including participation of our criminal justice system. LFD and EMA improvements are imbedded in this goal. LMG works to create sustainable, clean and healthy air, water, and soil. Keeping our city clean and green, as it relates to our streets, sidewalks, bike lanes, building appearance, parks, is included here. Significant improvement of the physical health of LMG employees is also included in this theme.

# Louisville Metro's Strategic Plan

Goals:

Goal Table

Theme	#	Goal
Lifelong Learning	1.1	By 2022, align wrap-around support services, including academic, social service, health and medical interventions, with needs identified by Cradle to Career. (LMG Goal)
	1.2	By 2022, ensure that 77% of students entering kindergarten are "school ready". (Community Goal)
	1.3	By 2022, ensure that 70% of high school graduates are transition ready and increase percent of high school graduates going to college by 85%. (Community Goal)
	1.4	By 2020, 40% of working age adults earns a bachelor's degree or higher and 10% earns an associate's degree. (Community Goal)
Equity, Resilience, and Compassion	2.1	Louisville Metro Government will identify and remove racial equity barriers in the procurement/contracting process to make it easier for minority (including foreign-born) businesses to do business with the city so that procurement and contracting resources benefit the community it serves proportionate to community demographics.
	2.2	Louisville Metro Government will advance racial equity by having an equitable workforce throughout its breadth and hierarchy that reflects the demographics of the community.
	2.3	Louisville Metro Government will engage, train and grow the leadership of youth and partner with agencies or organizations that support youth of color, including foreign-born youth, to advance racial equity so all Louisville's youth can reach their full potential.
	2.4	Make Louisville a healthier, greener and more environmentally friendly city by implementing the Sustain Louisville Plan.
	2.5	Increase economic stability, wealth building and economic development to address inequalities as they relate to move individuals and families from low to median income status.
	2.6	Reduce number of persons living in Louisville without shelter by 10% annually over the next four years.
	2.7	Increase participation in the volunteer programs managed by the department of Resilience and Community Services.
	2.8	By 2020, achieve 750,000 acts of compassion annually by increasing compassionate activities among Louisvillians and Louisville Metro employees.
	2.9	Utilize Louisville's ranking on UofL's Institute for Sustainable Health & Optimal Aging's Compassion Index to provide a baseline and goal for the city moving forward. Work with the Office of Sustainable Aging at U of L and with Compassionate Louisville to partner with the aging sector to enhance and co-create goals and continue refinement of index.
	2.10	Develop more robust and equitable housing options at all income levels to achieve a higher quality of life and more equitable community.
