Mr. Luckett,

This email is to confirm that Councilman Triplett and the Metro Council District 15 office is completely against granting a general waiver to allow parking in the "Public Realm" at 3808 Kahlert Ave. This is "19waiver1011". Our office receives as many as 200 concerns per year trying to eliminate "front yard/yard parking" around the district. Not only is it aesthetically bad it also in many cases it causes property damage. Allowing this would go completely against Metro ordinances prohibiting this.

Please enter this in the record on our behalf. Thank you!
