REQUEST(S)

- **Category 3 Development Plan**

CASE SUMMARY/BACKGROUND

The applicant is proposing to construct a single family home which is to contain approximately 1215 SF of gross floor area. The site is currently vacant and zoned EZ-1 in the Traditional Workplace form district. The site is located in the Portland neighborhood, so a Category 3 Development Plan review is required by Louisville Metro Code of Ordinances.

STAFF FINDING

The front yard setback is subject to infill requirements per Land Development Code section 5.1.12. The side yard requirements are set by section 5.1.10.F rather than the form district standards, as the lot is less than 50 feet wide. The proposed house is in compliance with these setback standards.

The Category 3 development plan is in order and complies with all applicable Land Development Code requirements.
