

Landmarks Certificate of Appropriateness & Overlay District Permit

Louisville Metro Planning & Design Services

Case No.: 19CC01161 Intake Staff: KP

Date: 5/24/19 Fee: No Fee

Instructions:

For detailed definitions of *Certificate of Appropriateness* and *Overlay District Permit*, please see page 4 of this application.

Project Information:

Certificate of Appropriateness: ☐ Butchertown ☒ Clifton ☐ Cherokee Triangle ☐ Individual Landmark
☐ Limerick ☐ Old Louisville ☐ Parkland Business ☐ West Main Street

Overlay Permit: ☐ Bardstown/Baxter Ave Overlay (BRO) ☐ Downtown Development Review Overlay (DDRO)
☐ Nulu Review Overlay District (NROD)

Project Name: Nazareth Home Campus

Project Address / Parcel ID: 2002 1/2 - 2018 Payne Street - 070B00720000

Total Acres: 9.4

Project Cost (exterior only): _____ PVA Assessed Value: 167200

Existing Sq Ft: 72,500 SF New Construction Sq Ft: 127000 Height (Ft): _____ Stories: 3

Project Description (use additional sheets if needed):

The project includes the new construction of a 3 story, 116,000 sf, 100-unit senior living facility. The highest level of the building shall be accessed off Payne Street. The other levels are below street level and generally follow the contours of the existing grade to let light into the building. A garden courtyard in the center of the building lets in additional light. With the exception of a 2-story volume at the building entrance, the roof line will be lower than that of the adjacent single-family homes so as to not overwhelm the scale of the streetscape. The project also includes renovation of the existing one-story facility on site. Services will be relocated internally to maximize efficiencies and work-flow. The overall resident census will decrease as double occupancy rooms become single occupancy. Interior renovation will account for 61,500 sf. 13,300 sf of rehabilitation will remain unchanged. A new 11,000 sf addition is also proposed, consisting of a lobby and reception area, chapel, and Main Street which features a café, bistro, and small gathering areas. The chapel and Main Street areas will be 2 story volumes. Materials for both buildings may include brick, stone, and cement board siding.
