7.1 Notice of Violation; Corrective Action. If Grantee determines that a violation of the terms of this Easement has occurred or is threatened, Grantee shall give written notice to Grantor of such violation and demand corrective action sufficient to cure the violation and, where the violation involves injury to the Property resulting from any use or activity inconsistent with the purpose of this Easement, to restore the portion of the Property so injured to its prior condition in accordance with a plan approved by Grantee.

If Grantee, in good faith, determines that circumstances require immediate action to prevent or mitigate significant damage to the Conservation Values of the Property, Grantee may pursue its remedies under this Section 7 without prior notice to Grantor or without waiting for the period provided for cure to expire.

7.5 Scope of Relief. Grantee's rights under this Section 7 apply equally in the event of either actual or threatened violations of the terms of this Easement. Grantor agrees that

Grantee's remedies at law for any violation of the terms of this Easement are inadequate and that Grantee shall be entitled to the injunctive relief described in paragraph 7.2, both prohibitive and mandatory, in addition to such other relief to which Grantee may be entitled, including specific performance of the terms of this Easement, without the necessity of proving either actual damages or the inadequacy of otherwise available legal remedies. Grantee's remedies described in this Section 7 shall be cumulative and shall be in addition to all remedies now or hereafter existing at law or in equity.

7.6 Costs of Enforcement. All reasonable costs incurred by Grantee in enforcing the terms of this Easement against Grantor, including, without limitation, costs and expenses of suit and reasonable attorneys' fees, and any costs of restoration necessitated by Grantor's violation of the terms of this Easement shall be borne by Grantor; provided, however, that if Grantor ultimately prevails in a judicial enforcement action each party shall bear its own costs.

7.7 Forbearance. Forbearance by Grantee to exercise its rights under this Easement in the event of any breach of any term of this Easement by Grantor shall not be deemed or construed to be a waiver by Grantee of such term or of any subsequent breach of the same or any other term of this Easement or of any of Grantee's rights under this Easement. No delay or omission by Grantee in the exercise of any right or remedy upon any breach by Grantor shall impair such right or remedy or be construed as a waiver.

7.8 Waiver of Certain Defenses. Grantor hereby waives any defense of laches, estoppel, or prescription.

7.9 Acts Beyond Grantor's Control. Nothing contained in this Easement shall be construed to entitle Grantee to bring any action against Grantor for any injury to or change in the Property resulting from causes beyond Grantor's control, including without limitation, fire, flood, storm, and earth movement, or from any prudent action taken by Grantor under emergency conditions to prevent, abate, or mitigate significant injury to the Property resulting from such causes.

7.10 Mediation. If a dispute arises between the parties concerning the consistency of any proposed use or activity with the purpose of this Easement, and Grantors agree not to proceed with the use or activity pending resolution of the dispute, either party may refer the dispute to non-binding mediation by request made in writing to the other party. Within thirty (30) days of the receipt of such a request, the parties shall select a single trained and impartial mediator. If the parties are unable to agree on the selection of a single mediator, then the parties shall, within forty-five (45) days of the initial request, jointly apply to a court of competent jurisdiction for the appointment of a trained and impartial mediator. Mediation shall then proceed in accordance with the following guidelines:

(a) Purpose. The purpose of this mediation is to promote discussion between the parties, assist the parties to develop and exchange pertinent information concerning the issues in dispute, and assist the parties to develop proposals which will enable them to arrive at a mutually acceptable resolution of the controversy. The mediation is not intended to result in any express or *de facto* modification or amendment of the terms, conditions or restrictions of this Easement.

(b) Participation. The mediator may meet with the parties and their counsel jointly or ex parte. The parties agree that they will participate in the mediation process in good faith and

expeditiously, attending all sessions scheduled by the mediator. Representatives of the parties with settlement authority will attend mediation sessions as requested by the mediator.

(c) **Confidentiality.** All information presented to the mediator shall be deemed confidential and shall be disclosed by the mediator only with the consent of the parties of their representative counsel. The mediator shall not be subject to subpoena by any party. No statements made or documents prepared for mediation sessions shall be disclosed in any subsequent proceeding or construed as an admission of a party.

(d) **Time Period.** Neither party shall be obligated to continue the mediation process beyond a period of one hundred eighty (180) days from the date of receipt of the initial request or if the mediator concludes that there is no reasonable likelihood that continuing mediation will result in a mutually agreeable resolution of the dispute.

(e) **Costs.** The costs of mediation shall be borne equally by the parties. The parties shall bear their own expenses, including attorneys' fees, individually.

8. Public Access. No right of access by the general public to any portion of the Property is conveyed by this Easement. Grantor may allow public access to the Property, for educational or other purposes. Nothing contained in this Easement grants, nor shall be interpreted to grant, to the public any unfettered right to enter on the Property.

9. Costs, Liabilities, Taxes, and Environmental Compliance.

9.1 Costs, Legal Requirements, and Liabilities. Grantor retains all responsibilities and shall bear all costs and liabilities of any kind related to the ownership, operation, upkeep, and maintenance of the Property, including the maintenance of adequate liability insurance coverage. Grantor remains solely responsible for obtaining any applicable governmental permits and approvals for any construction or other activity or use permitted by this Easement, and all such construction or other activity or use shall be undertaken in accordance with all applicable federal, state, and local laws, regulations, and requirements. Grantor shall keep the Property free of any liens arising out of any work performed for, materials furnished to, or obligations incurred by Grantor.

9.2 Valuation. This Easement constitutes a real property interest immediately vested in Grantee, which, for the purposes of paragraph 9.1, the parties stipulate to have a fair market value determined by multiplying (1) the fair market value of the Property unencumbered by the Easement (minus any increase in value after the date of this grant attributable to improvements) by (2) the ratio of the value of the Easement at the time of this grant to the value of the Property, without deduction for the value of the Easement, at the time of this grant. The values at the time of this grant shall be those values used to calculate the deduction for federal income tax purposes allowable by reason of this grant, pursuant to Section 170(h) of the Internal Revenue Code. For the purposes of this paragraph, the ratio of the value of the Easement to the value of the Property unencumbered by the Easement shall remain constant.

9.3 Taxes. Grantor shall pay before delinquency all taxes, assessments, fees, and charges of whatever description levied on or assessed against the Property by competent

authority (collectively “taxes”), including any taxes imposed upon, or incurred as a result of, this Easement, and shall furnish Grantee with satisfactory evidence of payment upon request.

9.4 Representations and Warranties. Grantor represents and warrants that, after reasonable investigation and to the best of their knowledge:

- (a) Grantor and the Property are in compliance with all federal, state, and local laws, regulations, and requirements applicable to the Property and its use;
- (b) There is no pending or threatened litigation in any way affecting, involving, or relating to the Property; and
- (c) No civil or criminal proceedings or investigations have been instigated at any time or are now pending, and no notices, claims, demands, or orders have been received, arising out of any violation or alleged violation of, or failure to comply with, any federal, state, or local law, regulation, or requirement applicable to the Property or its use, nor do there exist any facts or circumstances that Grantor might reasonably expect to form the basis for any such proceedings, investigations, notices, claims, demands, or orders;
- (d) No substance defined, listed, or otherwise classified pursuant to any federal, state, or local law, regulation, or requirement as hazardous, toxic, polluting, or otherwise contaminating to air, water, soil or that is in any way harmful or threatening to human health or the environment exists or has been released, generated, treated, stored, used, disposed of, deposited, abandoned or transported in, on, from or across the Property;
- (e) There are not now any underground storage tanks located on the Property, whether presently in service or closed, abandoned or decommissioned, and no underground storage tanks have been removed from the Property in a manner not in compliance with applicable federal, state and local laws, regulations and requirements.

9.5 Remediation. If, at any time, there occurs, or has occurred, a release in, on, or about the Property of any substance now or hereafter defined, listed, or otherwise classified pursuant to any federal, state, or local law, regulation, or requirement as hazardous, toxic, polluting, or otherwise contaminating to the air, water, or soil, or in any way harmful or threatening to human health or the environment, Grantor agrees to take all steps necessary to assure its containment and remediation, including any cleanup that may be required, unless the release was caused by Grantee, in which case Grantee shall be responsible therefor.

9.6 Control. Nothing in this Easement shall be construed as giving rise, in the absence of a judicial decree, to any right or ability in Grantee to exercise physical or managerial control over the day-to-day operations of the Property, or any of Grantor’s activities on the Property, or otherwise to become an operator with respect to the Property within the meaning of The Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (“CERCLA”), and KRS 224.01-010 *et seq.*

9.7 Hold Harmless. Grantor hereby releases and agrees to hold harmless, indemnify, and defend Grantee and its members, directors, officers, employees, agents, and contractors and the heirs, personal representatives, successors, and assigns of each of them (collectively

“Indemnified Parties”) from and against any and all liabilities, penalties, fines, charges, costs, losses, damages, expenses, causes of action, claims, demands, orders, judgments, or administrative actions, including, without limitation, reasonable attorneys’ fees, arising from or in any way connected with: (1) injury to or the death of any person, or physical damage to any property, resulting from any act, omission, condition, or other matter related to or occurring on or about the Property, regardless of cause, unless due solely to the negligence of any of the Indemnified Parties; (2) the violation or alleged violation of, or other failure to comply with, any state, federal, or local law, regulation, or requirement, including, without limitation, CERCLA and KRS 224.01-010 et seq., by any person other than any of the Indemnified Parties, in any way affecting, involving, or relating to the Property, at any time, or any substance now or hereafter defined, listed, or otherwise classified pursuant to any federal, state, or local law, regulation, or requirement as hazardous, toxic, polluting, or otherwise contaminating to the air, water, or soil, or in any way harmful or threatening to human health or the environment, unless caused solely by any of the Indemnified Parties; and, (3) the obligations, covenants, representation, and warranties of paragraphs 9.1 through 9.5.

10. Extinguishment and Condemnation.

10.1 Extinguishment. Grantor and Grantee hereby recognize that an unexpected change in the conditions of the Property may make impossible the continued ownership or use of the Property for conservation purposes and necessitate a partial or full extinguishment of this Easement. Any such extinguishment must comply with the following requirements:

- (a) The extinguishment must be the result of a final judicial proceeding in a court of competent jurisdiction.
- (b) Grantee shall be entitled to share in the net proceeds resulting from the extinguishment in an amount equal to the percentage interest of the fair market value of Grantee’s interest in the Property created pursuant to this Easement, which percentage interest shall be determined by the ratio of the value of the Easement to the value of the Property, without deduction for the value of the Easement, as set forth in Section 9.2 herein.

10.2 Condemnation. If all or any part of the Property is taken by exercise of the power of eminent domain or acquired by purchase in lieu of condemnation, whether by public, corporate, or other authority, so as to terminate this Easement, in whole or in part, Grantor and Grantee shall act jointly to recover the full value of the interests in the Property subject to the taking or in lieu purchase and all direct or incidental damages resulting therefrom. All expenses reasonably incurred by Grantor and Grantee in connection with the taking or in lieu purchase shall be paid out of the amount recovered. Grantee’s share of the balance of the amount recovered shall be determined by multiplying that balance by the ratio set forth in Section 9.2 herein.

10.3. Change in Economic Conditions. The fact that any use of the Property that is expressly prohibited by the terms of this Easement may become more economically valuable than uses permitted by the terms of this Easement, or that neighboring properties may, in the future, be put entirely to uses that are not permitted by the terms of this Easement, has been considered by Grantor in granting this Easement. Grantor believes that any such changes in the use of neighboring properties will increase the benefit to the public of the continuation of this

Easement, and Grantor and Grantee intend that any such changes shall not be deemed to be circumstances justifying the termination or extinguishment of this Easement pursuant to Paragraph 10(a). In addition, the inability of Grantor, its successor or assigns, to conduct or implement any or all of the uses permitted under the terms of this Easement, or the unprofitability of doing so, shall not impair the validity of the Easement or be considered grounds for its termination or extinguishment pursuant to Paragraph 10.1.

10.4 Application of Proceeds. Grantee agrees to apply all of the portion of the net proceeds it receives from or following the extinguishment of the Easement to the conservation of other real property having cultural, natural, scenic, agricultural or open-space value and significance to the people of Jefferson County, Kentucky.

10.5 Net Proceeds. Net proceeds shall include, without limitation, insurance proceeds, condemnation proceeds or awards, proceeds from a sale in lieu of condemnation, and proceeds from the sale or exchange by Grantor of any portion of the Property after the extinguishment, but shall specifically exclude any preferential claim of a Mortgagee under Section 17, provided, however, notwithstanding Section 17, no mortgagee shall be entitled to receive any portion of the net proceeds to which Grantee is entitled under Section 10.2 .

11. Amendment. If circumstances arise under which an amendment to or modification of this Easement would be appropriate, Grantor and Grantee are free to jointly amend this Easement in writing, without notice to any other party; provided that no amendment shall be allowed that will affect the qualification of this Easement or the status of Grantee under any applicable laws, including Section 170(h) of the Internal Revenue Code, and any amendment shall be consistent with the purpose of this Easement and shall not affect its perpetual duration. Any such amendment shall be consistent with the protection of the conservation and preservation values of the Property and the Purpose of this Easement; shall not affect its perpetual duration; shall not permit any private inurement to any person or entity; and shall not adversely affect the overall architectural, cultural, scenic, environmental and conservation values protected by this Easement. Any such amendment shall be recorded in the Office of the Clerk of Oldham County, Kentucky. Nothing in this paragraph shall require the Grantor or Grantee to agree to any amendment or to consult or negotiate regarding any amendment. Amendments to this Easement shall be approved only if consistent with and in furtherance of the Conservation Values outlined herein, and only to strengthen the protections offered by this Easement or to further preserve other purposes of this Easement and to meet changing conditions that may require an amendment or amendments consistent with this Easement.

12. Assignment. This Easement is transferable, but Grantee may assign all or any portion of its rights and obligations under this Easement only to an organization that is a qualified organization at the time of transfer under Section 170(h) of the Internal Revenue Code (or any successor provision then applicable), and authorized to acquire and hold conservation easements under applicable laws of the Commonwealth of Kentucky or the laws of the United States. As a condition of such transfer, Grantee shall require that the conservation purpose that this grant is intended to advance continue to be carried out. Grantee agrees to give written notice to Grantor of an assignment at least thirty (30) days prior to the date of such assignment. The failure of Grantee to give such notice shall not affect the validity of such assignment nor shall it impair the validity of this Easement or limit its enforceability in any way.

13. Subsequent Transfers. Grantor agrees to incorporate the terms of this Easement by reference in any deed or other legal instrument by which they divest themselves of any interest in all or a portion of the Property, including, without limitation, a leasehold interest. Grantor further agrees to give written notice to Grantee of the transfer of any interest at least thirty (30) days prior to the date of such transfer. The failure of Grantor to perform any act required by this paragraph shall not impair the validity of this Easement or limit its enforceability in any way.

14. Notices. Any notice, demand, request, consent, approval, or communication that either party desires or is required to give to the other shall be in writing and either served personally or sent by first class mail, postage prepaid, addressed as follows:

To Grantor: HF Preservation, LLC
710 West Main, Suite 300
Louisville, KY 40202

To Grantee: Director
Louisville Public Works
444 S. 5th Street
Louisville, KY 40202

With Copy to: Chair, Louisville/Jefferson County Environmental Trust
4233 Bardstown Road, Suite 100-A
Louisville, KY 40218

or to such other address as either party from time to time shall designate by written notice to the other. Mailed notices shall not be deemed given or served until three business days after the date of mailing thereof or if delivery is by nationwide commercial courier, service of notice shall be deemed given one business day after the date of delivery thereof to said courier. Rejection or refusal to accept, or inability to deliver because of changed addresses or because no notice of changed address was given, shall be deemed a receipt of such notice.

15. Recordation. Grantee shall record this instrument in timely fashion in the Office of the Clerk of Oldham County, Kentucky, and may re-record it at any time as may be required to preserve its rights in this Easement.

16. Existing Liens. Grantor warrants that to the best of their knowledge and belief there are no liens or mortgages on the Property. Grantor shall immediately cause to be satisfied or released any lien or claim of lien that may hereafter come to exist against the Property which would have priority over any of the rights, title or interest hereunder of Grantee, provided however, Grantor may contest in good faith the assertion of any tax lien, mechanics' lien or other lien on the Property through any administrative or judicial remedies available to Grantor, but Grantor shall promptly satisfy any such lien finally adjudged to be valid.

17. Subordination of Mortgages. Grantor has the right to use the Property as collateral to secure the repayment of debt, provided that the right of the Grantee to enforce the terms, restrictions and covenants created under this Easement shall not be extinguished upon foreclosure of any mortgage or any publicly or privately placed lien, regardless of date. Upon request, Grantee agrees to subordinate its rights under this Easement to the valid claims of any

future mortgage holders or beneficiaries of deed of trust to the proceeds of any sale, condemnation proceedings, or insurance involving the Property, or to the leases, rents, and profits thereof, and likewise to subordinate its rights under any lien that may be created by Grantee's exercise of any of its rights under this Easement after the date of such subordination; provided that any such mortgage or deed of trust shall remain subordinated and junior to the Easement to the extent necessary to permit Grantee to enforce the purposes of this Easement in perpetuity and to prevent any modification or extinguishment of this Easement by the exercise of any rights of such mortgage holder or trust deed beneficiary; and provided further that, in the unlikely event this Easement is terminated under the circumstances described in Section 10, Grantee shall be entitled to compensation in accordance with the terms of Section 10. Grantee agrees to execute any documents required to effect a subordination pursuant to this paragraph.

18. Leases. Grantor warrants that there are currently no lease agreements (whether written, oral, for a fixed term or month-to-month) in effect conveying any interest in the Property for use or occupation by any person.

19. Grantee's Interest. Grantor acknowledges that upon execution and recording of this Easement, Grantee shall be immediately vested with a real property interest in the Property.

20. Estoppel Certificates. Upon request by Grantor, Grantee shall within thirty (30) days execute and deliver to Grantor, or to any party requested by Grantor, any document, including an estoppel certificate, which certifies, to the best of Grantee's knowledge, Grantor's compliance with any of the obligations of Grantor contained in this Easement, or otherwise evinces the status of this Easement. Such certification shall be limited to the condition of the Property as of Grantee's most recent inspection. If Grantor requests more current documentation, Grantee shall conduct an inspection, at Grantor's expense, within thirty (30) days of Grantor's written request therefor.

20. General Provisions.

20.1 Controlling Law. The interpretation and performance of this Easement shall be governed by the laws of the Commonwealth of Kentucky.

20.2 Liberal Construction. Any general rule of construction to the contrary notwithstanding, this Easement shall be liberally construed in favor of the grant to effect the purpose of this Easement. If any provision in this instrument is found to be ambiguous, an interpretation consistent with the purpose of this Easement that would render the provision valid shall be favored over any interpretation that would render it invalid. The rule of construction resolving ambiguities against the drafting party shall not be employed in the interpretation of this Easement.

20.3 Severability. If any provision of this Easement, or the application thereof to any person or circumstance, is found to be invalid, the remainder of the provisions of this Easement, or the application of such provision to persons or circumstances other than those as to which it is found to be invalid, as the case may be, shall not be affected thereby.

20.4 Entire Agreement. This instrument sets forth the entire agreement of the parties with respect to the Easement and supersedes all prior discussions, negotiations, understandings, or agreements relating to the Easement, all of which are merged herein. No alteration or

variation of this instrument shall be valid or binding unless contained in an amendment that complies with paragraph 11.

20.5 No Forfeiture. Nothing contained herein will result in a forfeiture or reversion of Grantor's title in any respect.

20.6 Successors. The covenants, terms, conditions, and restrictions of this Easement shall be binding upon, and inure to the benefit of, the parties hereto and their respective personal representatives, heirs, successors, and assigns and shall continue as a servitude running in perpetuity with the Property. The terms "Grantor" and "Grantee," wherever used herein, and any pronouns used in place thereof, shall include, respectively, the above-named Grantors and their personal representatives, heirs, successors, and assigns, and the above-named Grantee and its successors and assigns.

20.7 Termination of Rights and Obligations. A party's rights and obligations under this Easement terminate upon transfer of the party's interest in the Easement or Property, except that liability for acts or omissions occurring prior to transfer shall survive transfer.

20.8 Approval. Whenever in this Easement Grantee's approval or consent is required, said approval or consent shall not be unreasonably withheld, delayed or denied.

20.9 Enforceability. The invalidity of any applicable statute or any part thereof shall not affect the validity and enforceability of this Easement according to its terms, it being the intent of the parties to agree and to bind themselves, their respective successors, heirs and assigns in perpetuity to each term of this Easement whether this Easement be enforceable by reason of any statute, common law or private agreement either in existence now or at any time subsequent hereto. This Easement may be re-recorded at any time by any person if the effect of such re-recording is to make more certain the enforcement of this Easement or any part thereof. The invalidity or unenforceability of any provision of this Easement shall not affect the validity or enforceability of any other provision of this Easement or any ancillary or supplementary agreement relating to the subject matter hereof.

20.10 Joint Obligation. The obligations imposed by this Easement upon Grantor shall be joint and several.

20.11 Captions. The captions in this instrument have been inserted solely for convenience of reference and are not a part of this instrument, and shall have no effect upon construction or interpretation.

20.12 Counterparts. The parties may execute this instrument in two or more counterparts, which shall, in the aggregate, be signed by both parties; each counterpart shall be deemed an original instrument as against any party who has signed it. In the event of any disparity between the counterparts produced, the record counterpart shall be controlling.

TO HAVE AND TO HOLD unto Grantee, its successors, and assigns forever.

IN WITNESS WHEREOF Grantor and Grantee have set their hands on the day and year first above written.
