The Bradford House is one of the greatest places to come, explore, live and learn, why, is the question everybody ask. Let me start by saying we're a transitional house, (Webster said that transition is to passage from one state, place, stage or subject to another, or change). The Bradford House is here for that soul purpose, to help people change, become better and to pass from one stage to a better one. The Bradford House has so much to offer, allow me to demonstrate. We're a short term (six months to a year) home serving single men who need help with jobs, education, and future living arrangements. We have house ~~met~~ meetings to talk about ways to accommodate all residents and to make sure their stay at the Bradford House was pleasant. We offer drug and alcohol classes for those that are still dealing with addictions. Everyone takes TB skin test to make sure everyone is ~~healthy~~ healthy and safe. We do Cpr classes and First aid after every month just in case of an emergency, somebody that's qualified will be here to assist you. We provide random drug and alcohol testing to keep everybody honest and to help anybody with a problem that they haven't admitted to yet. You must have a job, we will →

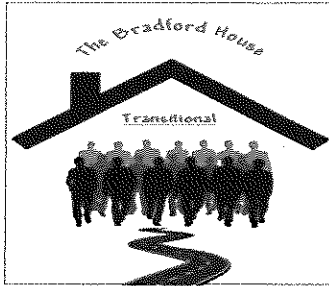

turn to pg. 2

help you find one if its difficult for you to do so yourself, or if your unable to work you can be on disability we will still help you. No one is turn around every one is accepted. We have resources that provide basic life skills and counseling services, money management, budgeting, consumer education, use of credit, parenting skills, interpersonal skill-building, educational advancement and attainment skills. We provide for the residents comfort, beds that's close to posturepedic very thick and comfortable, and supportive of the back, cable TV, wi-fi and Flat Screen TVs, toiletries, hygiene packs and refrigerators and much more. We also ~~we~~ have handicap ramps and fire exits on each floor and a very large backyard for smothering ~~barbecuing~~ barbecuing.
