Hi Zachary:

I have been working with Nia Holt regarding my two variances for my property. The number is 20-VARIANCE-0051.

I sent the below email to Nia this afternoon, as she had told me that if I wanted to say anything besides what was submitted in the Variance Justification at the Zoning meeting on June 15th to let her know by June 5th. I got an email response that she will be out of the office until June 29th and you would be my point of contact. Could we talk before the June 15th meeting? My contact information is below. I feel that Nia and I had a good comfort level and I would like to feel the same with you since you are now handling her cases. Thank you. I look forward to hearing from you.

Nia:

I hope that you are safe and well. I drove by your office location yesterday and saw that it was all boarded up due to the vandalism, I assume from Saturday night. I was talking to a potential contractor today and he told me, that they had to refile permits for another job as the first set were destroyed by fire from the vandalism and looting.

The notice for my variance hearing was installed in my yard yesterday.

I wanted to let you know that I would like to say a few words at the hearing, if still possible. I reviewed everything I sent to in the variance justification and realized perhaps two important points, I should have included.

These are the additional points I would like to make:

Due to the current size of my kitchen 9'7" x 12 1/2' x 7' 8" I would desire to enlarge by kitchen by extending it by 5' x 18".

Due to the hot sun and having a mosquito allergy, having a screened in porch would allow me

to enjoy my backyard and the outdoors.

I believe you told me that you would share with me the staff presentation, so I look forward to receiving that.

Let me know if there is anything else that I need to provide to you.
