SECTION 3 – AGENCY DETAILS

Describe Agency's Vision, Mission and Services:

St. Joseph Children's Home is a nonprofit child caring facility licensed by the Commonwealth of Kentucky. St. Joe's serves children from all counties of Kentucky, regardless of nationality, race, or creed. While children from throughout the state are accepted in our Residential and Foster Care programs, at any given time the majority of the children are from Jefferson County including most Metro Council Districts. Annually, St. Joe's serves more than 1,500 children and family members in our three core programs.

The Residential Treatment Program is licensed to serve 48 children at a time and serves approximately 85 children, ages 5-15 each year. The children come from homes whose family environment is threatened by neglect, abuse, violence, poverty and/or illness.

The Therapeutic Foster Care and Adoption program serves about 65 children, ages birth to 21 each year. All are wards of the Commonwealth of Kentucky and are referred to St. Joe's by the Department of Community Based Services.

The Child Development Center provides early childhood education to 170 children, ages 6 weeks through 5 years. The CDC participated in STARS FOR KIDS NOW, a voluntary above-licensing quality assurance program operated by the Kentucky Cabinet for Health and Family Services.

SECTION 5 – PROGRAM/PROJECT NARRATIVE

A: Describe the program/project start and end dates, a description of the program/project and applicable data with regards to specific client population the program will address (attach related flyers, planning minutes, designs, event permits, proposals for services/goods, etc.):

For 171 years, generations of friends and families have gathered every August for the Picnic at St. Joe's. Picnic is the only fundraiser hosted by St. Joe's and continues to be one of the largest fundraising events in Kentucky. 100% of the proceeds from Picnic go to support St. Joe's Kids.

However, as the COVID-19 pandemic continues, this year's Picnic will look like no-other. There will not be a packed Frankfort Avenue crowd that blocks traffic for miles, but virtual Picnic experiences. The bulk of our revenue will come from sponsors, online capabilities, fundraising for the event, and a mailer to be sent out to the Louisville community.

This process has been ongoing during the summer of 2020 and will continue until the typical Picnic weekend on August 8th.

B: Describe specifically how the funding will be spent including identification of funding to sub grantee(s):

When COVID-19 hit in March, St. Joe's staff and leadership quickly rallied to revise plans for the annual St. Joe's Picnic held every August. The event attracts over 50,000 people over 2 days and is the oldest event in Louisville (171 years). The decision was to go virtual and try innovative ways to engage the community to help support the revenue loss we expect. We still have special raffle packages (only on-line per charitable gaming), live streaming karaoke and dunk tank, merchandise like t-shirts and posters, and finally, a peer to peer fundraising platform (website supported by One Cause). The peer to peer fundraising construct is similar to how Louisville rallies to support Give for Good with the Community Foundation of Louisville. We are asking our community to create a special link via their social media to get their friends and family to make donations to St. Joe's. We have raised \$31,000 in just the last ten days! Groups and families, individuals and businesses are taking part to help the kids of St. Joe's by supporting the annual budget. The company One Cause is the company we chose to provide the website, and create the individualized links, pages, etc., to show case Picnic. The plan and site cost was \$4,095 and is a year contract. Our goal by the end of Picnic is to raise \$100,000 in donations through this platform. We're asking for NDF support to fund the \$4,095 unanticipated expense to make this happen. This expense is part of the Picnic budget, which is absorbed into the annual \$8.5 million budget that directly supports all three programs and over 350 kids.

C: If this request is a fundraiser, please detail how the proceeds will be spent:
St. Joseph Children's Home receives compensation from the Commonwealth of Kentucky for each child cared for by our Residential and Foster Care programs. However, this funding typically covers only about 77% of the actual cost of caring for the children. The remaining funds must be made up through donations, grants, and other fundraising efforts. The Picnic is typically our largest single fundraiser each year, with proceeds providing funds for a significant portion of the expenses not covered by state funding. This includes the day-to-day expenses of caring for the children, such as food, clothing, shoes, hygiene items, bedding, healthcare, school supplies, books, activities, entertainment, etc, as well as administrative and facility costs associated with providing a healthy, safe, and therapeutic living environment.
In-kind and financial donations which help with necessary expenses associated with operating the Picnic increase the net proceeds from the event, allowing more of the money raised to be used in caring for the children.
D: For Expenditure Reimbursement Only – The grant award period begins with the Metro Council approval date and ends on June 30 of Metro fiscal year in which the grant is approved. If any part of this funding request is for funds to be spent before the grant award period, identify the applicable circumstances:
The funding request is a reimbursement of the following expenditures that will probably be incurred after the application date, but prior to the execution of the grant agreement:
✓ If selecting this option, the invoice, receipt and payment documentation should not be available as of the date of this application.
The Grantee will be required to submit financial reporting in accordance with the reporting schedule provided in the grant agreement.
Reimbursements should not be made before application date unless an emergency can be demonstrated by the primary council sponsor. The funding request is a reimbursement of the following expenditures (attach invoices or proof of payment):
Attach a copy of invoices and/or receipts to provide proof of purchase of activities associated with the work plan identified in this application.
✓ Attach a copy of cancelled checks to provide proof of payment of the invoices or receipts associated with the work

plan identified in this application.

E: Describe the program's benefits to those being served (measurable outcomes). Include the program's process for collecting data and the indicators that will be tracked to measure the benefits to those being served:

Because it's an event and not a long-term program, the Picnic itself does not provide measurable benefits over time. But funds raised by the Picnic ensure that money is available to meet the daily needs of the children who call St. Joe's "home" in a safe, healthy, therapeutic environment which lets them recover from the trauma that brought them here.

Measurable outcomes for the Residential and Foster Care/Adoption programs include: Permanency, Counties/Regions Served, Adoptions, Critical Incidents, Clients Served, Length of Stay, Case Reviews

For both our Residential and Foster Care/Adoption programs we track and review in department meetings, as they occur or are being planned for, client discharges in regards to meeting or moving towards meeting their permanency goal. We also have an in-house tracking system for incidents which includes areas covering health, welfare, and safety such as illnesses, injuries, AWOLs, deadly weapon possession, suicide attempts, criminal activity, school suspensions, school changes to a more restrictive school, serious injuries to another, sexual acting out, and in residential emergency physical interventions.

As a community event, the Picnic has been an important part of Crescent Hill history and we will continue the tradition this year, virtually.

F: Briefly describe any existing collaborative relationships the organization has with other community organizations. Describe what those partners are bringing to the relationship in general and to this program/project specifically.

St. Joseph Children's Home is one of a handful or residential facilities for children in Metro Louisville. These agencies work together to find the best placement for each child.

A number of churches, businesses, and families have been long-tome partners in coordinating the Picnic. These partners will be utilized for fundraising efforts this year.

Agency riscal feat Start Date.	January 1st			
Does your Agency anticipate a s	significant increase o	r decrease in your b	udget from the current	fiscal year to the
budget projected for next fiscal	year? NO 🗌	YES 🏹		

If YES, please explain:

Agamay Fiscal Vacy Start Date:

The agency anticipates an overall increase in expenses to our \$8.5 million operations budget, (not major but minimal), due to COVID-19 preparations for regulatory compliance in all three programs, and anticipates a decrease in revenue. The annual St. Joe's Picnic on August 7th and 8th will not be live this year but virtual. As such we are anticipating up to \$300,000 loss on the event without the sales of the booth games, food an beverages. St. Joe's has been fortunate to receive several grants and loans to supplement the losses we will sustain by the end of the year on child development center revenue losses (\$200,000), event losses, and potential decrease in giving overall from donors and community partners. St. Joe's serves clients that are wards of the state of Kentucky in residential treatment and foster care and these census numbers will remain the same or increase. The child development center recently reopened to almost full capacity (120 not 140), and we anticipate that gap getting bridged next year. So we do not anticipate program losses overall.

*Separate from operations, St. Joe's hopes to break ground in November 2020 for a revised timeline on the \$23 million capital campaign to renovate the landmark building, Gym, and add a new school. This account is entirely separate and has a totally separate budget than operations. In this budget we anticipate an massive increase of expenses and revenue from donors supporting the campaign.

Dear Sir/Madam:

This responds to your June 5, 2013, request for information regarding the status of your group tax exemption.

Our records indicate that you were issued a determination letter in March 1946, that you are currently exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code, and are not a private foundation within the meaning of section 509(a) of the Code because you are described in sections 509(a)(1) and 170(b)(1)(A)(i).

With your request, you provided a copy of the *Official Catholic Directory for 2013*, which includes the names and addresses of the agencies and instrumentalities and the educational, charitable, and religious institutions operated by the Roman Catholic Church in the United States, its territories, and possessions that are subordinate organizations under your group tax exemption. Your request indicated that each subordinate organization is a non-profit organization, that no part of the net earnings thereof inures to the benefit of any individual, and that no substantial part of their activities is for promotion of legislation. You have further represented that none of your subordinate organizations is a private foundation under section 509(a), although all subordinates do not all share the same sub-classification under section 509(a). Based on your representations, the subordinate organizations in the *Official Catholic Directory for 2013* are recognized as exempt under section 501(c)(3) of the Code under GEN 0928.

Donors may deduct contributions to you and your subordinate organizations as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to them or for their use are deductible for federal estate and gifts tax purposes if they meet the applicable provisions of section 2055, 2106, and 2522 of the Code.

Subordinate organizations under a group exemption do not receive individual exemption letters. Most subordinate organizations are not separately listed in Publication 78 or the EO Business Master File. Donors may verify that a subordinate organization is included

in your group exemption by consulting the *Official Catholic Directory*, the official subordinate listing approved by you, or by contacting you directly. IRS does not verify the inclusion of subordinate organizations under your group exemption. See IRS Publication 4573, *Group Exemption*, for additional information about group exemptions.

Each subordinate organization covered in a group exemption should have its own EIN. Each subordinate organization must use its own EIN, not the EIN of the central organization, in all filings with IRS.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely,

Cindy Thomas

Independent Auditors' Report

To the Board of Trustees St. Joseph Catholic Orphan Society and Controlled Entity Louisville, Kentucky

We have audited the accompanying consolidated financial statements of St. Joseph Catholic Orphan Society (a not-for-profit organization) and Controlled Entity, which comprise the consolidated statements of financial position as of December 31, 2019 and 2018, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of St. Joseph Catholic Orphan Society and Controlled Entity as of December 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

ST. JOSEPH CATHOLIC ORPHAN SOCIETY AND CONTROLLED ENTITY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 1. Nature of Activities and Summary of Significant Accounting Policies

Nature of activities:

St. Joseph Catholic Orphan Society (Society), a not-for-profit organization, provides services under the following programs:

Child Development Center: This program provides child care to children in the Metro Louisville area. Revenues from this program include parent paid tuition, state supplemental tuition, and meal reimbursements from the Child and Adult Care Food Program.

Resident and Home Based Services Programs: These programs provide care to children referred by the Commonwealth of Kentucky Cabinet for Health and Family Services (Cabinet) and other outside agencies. Children are provided with a family type environment, including food, shelter, clothing, incidentals, affection, training, recreation, education and opportunities for religious, spiritual, and ethical development. Resident services are provided on-site at the Society's facilities. Home based services are provided by individuals at their homes within the Louisville and Southern Indiana areas.

SJ Kids Foundation, Inc. (Foundation) was a Section 50l(c)(3) organization established in 2011 to perform fundraising to benefit and support the Society. In October 2018, the Board of Trustees voted to dissolve the Foundation, which was finalized during 2019.

Summary of significant accounting policies:

The summary of significant accounting policies of the Society and the Foundation (collectively, the Organization) is presented to assist in understanding the Organization's consolidated financial statements. The consolidated financial statements are representations of the Organization's management who is responsible for the integrity and objectivity of the consolidated financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the consolidated financial statements.

Principles of consolidation:

The consolidated financial statements as of and for the years ended December 31, 2019 and 2018 include the financial statements of St. Joseph Catholic Orphan Society and SJ Kids Foundation, Inc. All significant intercompany transactions have been eliminated in consolidation.

Estimates:

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents:

For purposes of the consolidated statements of cash flows, the Organization considers only unrestricted cash and investments with original maturities of three months or less to be cash and cash equivalents, excluding those amounts held as part of the investment portfolio.

The following provides a reconciliation of cash, cash equivalents, and restricted cash reported on the consolidated statements of financial position to the amount reported on the consolidated statements of cash flows:

	<u>2019</u>	<u>2018</u>
Cash and cash equivalents	\$252,759	\$609,208
Board designated cash	472,063	117,308
	\$724,822	<u>\$726,516</u>

Investments:

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net investment return is reported in the consolidated statements of activities and consists of interest and dividend income, realized and unrealized gains and losses, less external investment expenses.

Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. It is reasonably possible that changes in the values of investments could occur in the near term and that such changes could materially affect the amounts reported in the consolidated statements of financial position.

Accounts and pledges receivable:

The valuation of receivables is based upon a detailed analysis of past due accounts and the history of uncollectible accounts. Estimated uncollectible accounts increase the allowance for doubtful accounts and when the receivables are written off, the allowance for doubtful accounts is decreased. The Organization periodically reviews doubtful accounts receivable to determine if write-offs are necessary. There was no allowance for doubtful accounts at December 31, 2019 and 2018.

Property and equipment:

The Organization's policy is to capitalize asset purchases in excess of \$1,000. Property and equipment are recorded at cost if purchased, or at fair value as of the date of donation, if donated, and are being depreciated on the straight-line method over their estimated useful lives.

Health plan:

All eligible employees are covered under a health plan which provides medical benefits. The Organization self-insures a portion of the medical benefits up to \$30,000 of eligible benefits per insured person. Benefit costs above this amount are covered by outside insurance. The consolidated financial statements include a provision for estimated claims incurred but not yet reported through the end of the year and claims in process of payment at year end.

Net assets:

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor restrictions.

Net Assets with Donor Restrictions — Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. When a donor restriction expires, that is, when a purpose restriction is accomplished or a stipulated time restriction ends, net assets with donor restrictions are reclassified to net assets without donor restrictions, and reported in the consolidated statements of activities as net assets released from restrictions.

Donated services and in-kind contributions:

Contributions other than cash are recorded at their fair value as of the date of donation. Contributions of long-lived assets with explicit restrictions that specify how the assets are to be used and contributions of cash or other assets that must be used to acquire long-lived assets are reported as net assets with donor restrictions. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Contributed services must meet the specific expertise requirements and would normally have been purchased before they are recorded. Many individuals donate their time and perform a variety of tasks that assist the Organization for which no value has been assigned because these services do not meet the criteria for recognition in the consolidated financial statements. There were approximately \$35,000 of advertising services contributed for the year ended December 31, 2019. There were no contributed services for the year ended December 31, 2018.

Revenue recognition:

Contract revenue is derived from child development center services, resident care services, home-based services, and picnic sales.

Resident care and home-based service revenue are reported for services rendered to its residents and home-based clients under agreements with various Kentucky agencies. Under these agreements, a set per diem rate is established to provide services to residents and home-based clients with no year-end settlements or retroactive adjustments. The performance obligation of providing residential and home-based services is satisfied at a point in time when the services are rendered. Payment for services is due on a monthly basis for services rendered.

For the years ended December 31, 2019 and 2018, substantially all of the Organization's resident care and home based service revenue was derived from services to residents and home based clients who are beneficiaries of those various Kentucky agencies. Substantially all of the accounts receivable are due from those various Kentucky agencies for the years ended December 31, 2019 and 2018.

Child development center revenue is reported for child-care services provided. A deposit is required to hold a spot, while a registration fee and supply fee is paid upon enrollment. The performance obligation of providing child-care services is satisfied at a point in time when the services are rendered. Tuition fees are due on a weekly basis for services rendered.

Revenue from the annual picnic is recognized at a point in time when the event occurs. Payment for the ticketed event is due at the time of purchase.

The Organization has determined that the nature, amount, timing and uncertainty of contract revenue and cash flows are affected by the economy, stability of Kentucky agencies, and general public support.

Advertising:

The costs of advertising and public relations are expensed as they are incurred. Total advertising expense for the years ended December 31, 2019 and 2018 were approximately \$45,000 and \$17,000, respectively.

Functional allocation of expenses:

The consolidated financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include occupancy expenses, which are allocated on a square footage basis, as well as other operating expenses, which are allocated on the basis of estimates of time and effort.

Income taxes:

The Society and the Foundation are exempt from federal, state and local income taxes as not-for-profit organizations as described under Internal Revenue Code Section 501(c)(3). The Society is reported as a subordinate organization under a group exemption of the Roman Catholic Church in the United States, and therefore, is not required to file an informational return. The Foundation files informational tax returns with the U.S. federal jurisdiction.

As of December 31, 2019 and 2018, the Organization did not have any accrued interest or penalties related to income tax liabilities, and no interest or penalties have been charged to operations for the year then ended.

Accounting changes:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 606, Revenue from Contracts with Customers, as amended, supersedes or replaces nearly all revenue recognition guidance. These standards establish a new contract and control-based revenue recognition model, change the basis for deciding when revenue is recognized over time or a point in time, and expand disclosures about revenue.

The Organization adopted the requirements of Topic 606 as of January 1, 2019, utilizing the full retrospective method of transition and has adjusted the presentation in the financial statements accordingly. Adoption of the topic resulted in changes to accounting policies for child development center tuition, resident care revenue, home based service revenue and cost reimbursement grants, previously described. The Organization had various contracts in progress at January 1, 2019 and those contracts did not include a variable consideration component. The difference to revenue account balances at December 31, 2018, under the new guidance as opposed to the prior revenue recognition guidance for these contracts was determined to be immaterial. Accordingly, no adjustment to beginning net assets was necessary.

In November 2016, FASB issued ASU No. 2016-18, Statement of Cash Flows (Topic 230). The standard requires that a statement of cash flows detail the change during the period in total cash, cash equivalents, and amounts generally described as restricted cash or cash equivalents. The Organization has implemented Topic 230 and has adjusted the presentation in the financial statements accordingly. The adoption of this standard has been applied retrospectively to all periods presented.

Newly issued standards not yet effective:

The Financial Accounting Standards Board has issued accounting standards No. 2016-02, Leases, concerning the accounting for leases effective for years beginning after December 15, 2021 and No. 2018-13, Fair Value Measurement: Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement concerning required disclosures for investments for years beginning after December 15, 2019. The Organization is evaluating the impact that adoption of these standards will have on future financial position and results of operations.

Subsequent events:

Management has evaluated subsequent events through June 3, 2020, the date the consolidated financial statements were available to be issued.

Note 2. Liquidity and Availability

Financial assets available for general expenditure, that is without donor or other restrictions limiting their use, within one year of the December 31, 2019 balance sheet date, comprise the following:

Current financial assets:	
Cash and cash equivalents	\$ 724,822
Accounts receivable	428,472
Pledges receivable	999,796
Investments	21,687,638
Total current financial assets	23,840,728
Less board designation for renovation project	(15,688,750)
Less board designation for operating reserves	(7,140,827)
Less line-of-credit collateral	(769,720)
Available for general operations	<u>\$ 241,431</u>

The Organization has endowment funds that consist of donor-restricted endowments. Income from donor restricted endowments are considered restricted in perpetuity and are not available for general expenditure. Annual payments from these funds are approximately \$30,000 and may be used for general operations.

The Organization maintains an available line-of-credit in the amount of \$500,000, which could be drawn upon in the event of an anticipated liquidity need.

The Board has designated a portion of its investments to the future building renovation project and operating reserves. If the need arises to utilize these Board designated investments, the investments could be drawn upon through board resolution.

The Organization has a goal to maintain financial assets, which consist of cash and investments on hand to meet a year of normal operating expenses. As part of liquidity management, the Organization invests cash in excess of daily requirements in various short-term investments.

Note 3. Pledges Receivable

Pledges receivable consist of the following:

	<u>2019</u>	2018
Amounts due in:		
One year or less	\$ 999,796	\$ 545,540
One to five years	3,130,673	428,500
More than five years	<u>610,000</u>	
Total pledges receivable	4,740,469	974,040
Less discount to net present value	(475,214)	(38,617)
Net pledges receivable	<u>\$4,265,255</u>	<u>\$ 935,423</u>

Pledges receivable due in more than one year are reflected at the present value of estimated future cash flows using a discount rate of 1.5% plus LIBOR (3.3% and 4.0% at December 31, 2019 and 2018, respectively).

Of the total gross pledges receivable as of December 31, 2019 and 2018, certain donors account for a significant portion of the total account balance as follows:

	<u>2019</u>	<u>2018</u>
Donor #1	\$2,000,000	\$ 662,500
Donor #2	500,000	249,670

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Organization has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active or inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

All assets have been valued using a market approach. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Cash equivalents – valued at the net asset value of shares held by the Organization at year end.

Mutual bond funds, equities and alternative assets – valued at the closing price reported in the active market in which the security is traded.

Beneficial interest in assets held by others is based on the Organization's interest in the fair value of the trust assets as provided by the trustee.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the level, within the fair value hierarchy, of the Organization's investments at fair value as of December 31, 2019 and 2018:

Balance, end of year	\$2,694,557	\$1,913,654

Of the five third-party trusts, four are held in perpetuity and one is reduced for the net present value of required annual payments totaling \$10,000 to two remaining beneficiaries through the year 2031 using a 2.0% discount rate. The change in net present value was included in the change in value of beneficial interest in assets held by others on the consolidated statements of activities. This trust is held in two separate investment accounts. The remaining principal of both accounts is to be paid to the Organization in an amount equal to its beneficial interest of 12% in the year 2032.

Investment returns for the years ended December 31, 2019 and 2018, consisted of the following:

	<u>2019</u>	<u>2018</u>
Investment returns: Interest and dividends	\$ 580,319	¢ 517 625

Total return on investments	\$1,490,758	\$ (78,174)

Note 6. Construction in Progress

During 2017, the Organization entered into two contracts with an architecture firm and a construction firm to undertake significant renovations of the Organization's building. During 2018, the Organization hired a Campaign Consultant to do a feasibility study and to consult throughout the project. The estimated total costs for the renovations are \$15 million with construction anticipated to begin in the fall of 2020 and extend over a two year period. As of December 31, 2018, the Organization had spent approximately \$136,000 on architectural and consulting fees. There were no additional expenditures made in 2019.

Note 7. Land Held for Sale

In 2005, the Organization recorded the bequest of an approximately 220-acre tract of real estate, which was valued at \$11,751,968 and classified as land held for sale. During 2014, the Organization listed the property for sale in two tracts. In subsequent years the second tract was subdivided into 4 sub-tracts. During 2017, tract one was sold. During 2018, sub-tract 2 from the second tract of land was sold at a gain of \$716,255 which is included in the consolidated statements of activities. During 2018, a \$117,157 payment was made for an easement on sub-tract 1 and the revenue is included in the consolidated statements of activities. During 2019, sub-tract 4 from the second tract of land was split into three parts, creating sub-tracts 4, 5 and 6. The sale of sub-tracts 3, 4 and 5 occurred in December 2019 and the gain on sale of \$702,959 is included in the consolidated statements of activities. Sub-tract 6 from the second tract is expected to be sold in a future year.

Note 8. Line-of-Credit

The Organization has a \$500,000 available line-of-credit with Stock Yards Bank & Trust Company. The line-of-credit has a floating interest rate of LIBOR plus 1.5%. The interest rates at December 31, 2019 and 2018 were 3.28% and 4.50%, respectively. Monthly payments of interest are required. Any outstanding principal and interest is due March 2021. Amounts borrowed are secured by assets of the Organization. There was no outstanding balance as of December 31, 2019 and 2018.

Note 9. Net Assets with Donor Restrictions

Net assets with donor restrictions are restricted for the following purposes or periods:

	<u>2019</u>	<u>2018</u>
Restricted for a specified purpose:		
Activities	\$ 20,000	\$ 7,084
Res School	9,299	8,753
Foster Care and other	24,325	29,184
Therapy	348	ŕ
Building renovation	4,060,224	91,500
Restricted for time	1,534,491	1,819,292
Endowments restricted in perpetuity	1,642,581	1,014,784
	<u>\$7,291,268</u>	<u>\$2,970,597</u>

Net assets are released from donor restrictions upon satisfaction of the restricted purpose, either by the occurrence of events specified by the donors or the expiration of time. Those amounts released from restrictions during the years ended December 31, 2019 and 2018, are as follows:

	<u>2019</u>	<u>2018</u>
Subject to expenditure for a specified purpose:		
Activities	\$ 9,965	\$ 28,766
Res School	8,913	2,245
Therapy	2,698	1,238
Foster Care and Other	41,364	15,797
Building renovations	298,282	
Subject to time restrictions	302,470	161,030
	<u>\$663,692</u>	<u>\$209,076</u>

Note 10. Endowment Funds

The Organization's endowment funds consist of certain beneficial interests in assets held by various third party trusts. The beneficial interests in assets held in those third-party trusts are donor restricted. The Organization's Board of Trustees does not have input or authority over the nature and type of investments held by the third-party trusts. The trustees of the third-party trusts have sole discretion on the investments and the amount and timing of distributions. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Changes in endowment net assets for the years ended December 31, 2019 and 2018 are as follows:

	<u>2019</u>	<u>2018</u>
Endowment net assets, beginning of period	\$1,014,784	\$1,138,198
Contributions Investment return:	432,196	
Unrealized (losses) gains	<u>195,601</u>	(123,414)
Endowment net assets, end of period	\$1,642,581	<u>\$1,014,784</u>

Interpretation of relevant law:

The Organization has interpreted the Kentucky Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as donor restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Organization, and (7) the Organization's investment policies.

Return objectives and risk parameters:

The Organization has adopted investment and spending policies for endowment assets hat attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity.

Strategies employed for achieving objectives:

To satisfy long-term rate-of-return objectives, the Organization relies on a fixed income strategy in which investment returns are achieved through interest and dividends. The Organization is invested in a certificate of deposit.

Spending policy and how the investment objectives relate to spending policy:

The Organization has a policy of appropriating for distribution an amount each year as deemed necessary to support operations. In establishing this policy, the Organization considered the long-term expected return on its endowment. Accordingly, over the long term, the Organization expects the current spending policy to allow its endowment to maintain the fair value of the original gifts. This is consistent with the Organization's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment return.

Note 11. Retirement Plan

The Organization has a tax deferred annuity retirement savings plan (Plan) for its employees. Employees may voluntarily contribute from 1% to 12% of their compensation each plan year through salary deferral. In 2019 and 2018, the Organization matched 50% to 100% of employees' contributions to the Plan up to 4% of employees' compensation, depending on years of service. The Organization's contributions to the Plan totaled approximately \$77,000 and \$60,000 in 2019 and 2018, respectively.

Note 12. Potential Environmental Clean-Up Issue

The Organization's main building is believed to contain asbestos, and will require future clean-up and remediation costs in accordance with local and federal laws. The Organization has not yet determined the full scope of the contamination that must be remediated, and thus has not been able to assess the estimated total cost of the remediation. The ultimate cost of remediation is dependent on the scope of the contamination, as well as the remediation technology required.

The Organization has concluded that it does not have the information needed to estimate the range of time over which the Organization may need to remove the asbestos, and consequently cannot reasonably estimate the fair value of the liability. Accordingly, no liability has been accrued as of December 31, 2019 and 2018. In the future, if this information becomes available, such as when the Organization plans to renovate or demolish the facility (See Note 6), it will evaluate the need to record the estimated fair value of the liability.

Note 13. Concentration of Credit Risk

The Organization maintains its cash accounts in a bank in Louisville, Kentucky. Accounts at the bank are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Uninsured cash was approximately \$480,000 as of December 31, 2019.

Note 14. Subsequent Events

In April 2020, the Organization borrowed \$1,151,800 from the Small Business Administration Paycheck Protection Program. The loan matures in two years and has an interest rate of 1% with payments deferred for six months. The loan is subject to full or partial forgiveness based on the proceeds being used to keep employees employed for an eight-week period after the funds have been disbursed by the Small Business Administration.

Management is currently evaluating the impact of the COVID-19 pandemic on the industry and has concluded that while it is reasonably possible that the virus could have a negative effect on the Organization's financial position, and/or the results of its operations, the specific impact is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Ms. Kyle Ethridge 9th District Legislative Assistant Councilman Bill Hollander 601 West Jefferson Street Louisville, KY 40202

Dear Ms. Ethridge:

St. Joseph Children's Home administrators and staff understand and agree to the following conditions regarding Louisville Metro funding for 171th Picnic Online Fundraising Page and use of the fundraising proceeds from the Picnic:

- 1. Grantee must make the residential treatment program available to all members of the general public regardless of their religious affiliation or beliefs, if any at all.
- 2. Grantee shall limit its counseling to secular methods, teachings and principles, and Grantee shall not proselytize in any manner whatsoever.
- 3. No worship or religious study shall be conducted during or in connection with any program funded by the grant.

Please be aware that St. Joseph Children's Home abides by all of the above mentioned conditions. If you have any questions, please do not hesitate to contact me.

Sincerely,

Kortney Trevino Annual Fund Assistant

LOUISVILLE METRO COUNCIL NEIGHBORHOOD DEVELOPMENT FUND SUPPLEMENTAL DISCLOSURE REQUIRED FOR REQUESTS BY CHURCHES, RELIGIOUS OR FAITH-BASED ORGANIZATIONS

It is the policy of the Louisville/Jefferson County Metro Council that no appropriation to a Church, to a religious or faith-based organization, or to any organization whose activities support a Church or religious or faith-based organization will be approved unless the prospective grantee clearly demonstrates, in writing, that it is committed to compliance with each of the following conditions and requirements.

Legal Name of Applicant Organization:

St. Joseph Children's Home

As in the case of all legislative enactments, the appropriation must be for a public purpose. In other words, the appropriation must have a secular legislative purpose to support a program which benefits the public, and which has been, or could be undertaken by the government.

The appropriation must be totally and demonstrably earmarked for the beneficiary activity or program with no tangible or significantly intangible benefit inuring to the organization. Specifically, the appropriation may not fund equipment used by the organization, nor may it be used for improvements to real or personal property owned by the grantee church or organization.

The beneficiary activity or program must be open to the public as opposed to being restricted to church or organization members or affiliates.

The grantee church or organization may not use public funds in any way that involves worship, religious instruction, or religious practice.

Public funds involved in the grant may not be used to support a school or any program of instruction operated by the grantee church or organization, or in its name.

The grantee organization may not use public funds in any way that involves proselytization or self-promotion of the organization.

The grantee church or organization must establish and maintain a system of recordkeeping which clearly and completely documents its use of the public funds involved in the grant.

SIGNATURE

I agree under the penalty of law to comply with all the items in this disclosure. I am aware my organization will not be eligible for funding if investigation at any time shows falsification. If falsification is shown after funding has been approved, any allocations already received and expended are subject to be repaid. I further certify that I am legally authorized to sign this disclosure for the applying organization.
