PUBLIC HEARING

CASE NUMBER 20-MVARIANCE-0002

00:24:50 **Board Members' deliberation**

00:25:41 On a motion by Member Seale, seconded by Member Buttorff, the following resolution, based upon the Standard of Review and Staff Analysis, and the testimony heard today, was adopted:

WHEREAS, the Louisville Metro Board of Zoning Adjustment finds that the request will not adversely affect the public health, safety or welfare as all building codes and safety regulations will be met on the subject site, and

WHEREAS, the Board further finds that the requested variance will not alter the essential character of the general vicinity as the size, placement, and shape of residential structures in the area are a function of the size and shape of their lot. The material and character of the proposed structure appear to be consistent with the design of the existing, nearby residences, and

WHEREAS, the Board further finds that the requested variance will not cause a hazard or nuisance to the public as the structure will be constructed to comply with building codes, and

WHEREAS, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations as the required setback does not meet the existing conditions of the subject property or surrounding properties; now, therefore be it

RESOLVED, the Louisville Metro Board of Zoning Adjustment in Case Number 20-MVARIANCE-0002 does hereby **APPROVE** Modified Variance from City of St. Matthews Land Development Code Section 4.6 to allow a structure to encroach into the required front yard setback in the R-4 Single Family Residential Zoning District (**Front Yard Requirement 30 ft., Request 14 ft., Variance 16 ft**), **SUBJECT** to the following Condition of Approval.

Condition of Approval:

1. The applicant shall submit a Minor Subdivision Plat application to Planning & Design services for review and approval to shift the 24 ft. building limit line along Stonehaven Commons Court. PUBLIC HEARING

CASE NUMBER 20-VARIANCE-0076

Request:	Variance to allow an accessory structure to encroach into the rear yard setback
Project Name:	Grandview Avenue Variance
Location:	3400 Grandview Avenue
Owner/Applicant:	Gregory T. Schanding
Jurisdiction:	City of St. Matthews
Council District:	9 – Bill Hollander
Case Manager:	Zach Schwager, Planner I

The staff report prepared for this case was incorporated into the record. The Board members received this report in advance of the hearing, and this report was available to any interested party prior to the public hearing. (The staff report is part of the case file maintained at Planning and Design Services offices, 444 South 5th Street.)

Kenan Stratman, St. Matthews Public Works, 3940 Grandview Ave., Louisville, KY

Summary of testimony of those in opposition:

BOARD OF ZONING ADJUSTMENT MINUTES
September 28, 2020

PUBLIC HEARING

CASE NUMBER 20-VARIANCE-0076

00:35:29 Kenan Stratman spoke in opposition of the request. Mr. Stratman stated the overhang would extend into the right-of-way. Mr. Stratman responded to questions from the Board Members (see recording for detailed presentation).

00:37:32 Joe Haberman stated staff's understanding was that the building would be located entirely on the applicant's property. Mr. Haberman stated we can't allow something that would go into the right-of-way (see recording for detailed presentation).

00:38:13 Mr. Schanding stated he had the property surveyed for another improvement he made, and the stakes were right in the fence shown in the photos. Mr. Schanding stated the intent was to keep the entire improvement within his property line (see recording for detailed presentation).

00:39:51 Mr. Stratman responded to questions from the Board Members (see recording for detailed presentation).

REBUTTAL:

00:40:35 Mr. Schanding spoke in rebuttal and responded to questions from the Board Members (see recording for detailed presentation).

00:43:00 Joe Haberman stated we need to clarify if the overhang will be one hundred percent on his property, and does St. Matthews have any approval of this particular application. The Board makes decisions on variances for the City of St. Matthews, but if it extends into the right-of-way that absolutely would be their jurisdiction, so we need to make sure everyone understands what needs the City's approval and what doesn't (see recording for detailed presentation).

00:44:11 **Board Members' deliberation** (Member Seale stated he has reviewed this case very carefully, and he understands what Mr. Schanding is wanting to do. Member Seale stated if the City wanted to make any improvements to the alley he can't see how anything could be allowed to come up to the zero line where the alley is and he would be against approving it. Chair Howard stated that based upon Member Seale's comments, she would close the public hearing. The Board Members continued deliberation (see recording for detailed presentation).

00:50:54 Public Hearing was reopened to allow for discussion with Mr. Stratman and Mr. Shandling (see recording for detailed presentation).

BOARD OF ZONING ADJUSTMENT MINUTES
September 28, 2020

PUBLIC HEARING

CASE NUMBER 20-CUP-0087

WHEREAS, the Board further finds that the subject property is served by existing public utilities and facilities. Transportation Planning and MSD have reviewed the proposal, and

WHEREAS, the Board further finds that:

Solid Waste Management Facilities, including composting facilities, construction/ demolition debris facilities, firewood production and sales, indoor recycling facilities, outdoor recycling facilities, and solid waste transfer stations may be permitted subject to the conditions and in the zoning districts listed in the following sub-sections. In addition, the following conditions apply to all of these types of facilities:

- A. All of the facilities referenced in this sub-section 4.2.46 are required to have a license to operate from the Jefferson County Waste Management District (SWR 20.0). **RePak currently holds a license from Jefferson County Waste Management District that will be transferred to the new location.**
 - B. A specific written or site plan for vehicle cleaning facilities to prevent the tracking of mud, dirt or other debris onto any public roadway shall be reviewed and approved by the Director of Works before public hearing. **The applicant is asking for relief since the company obtains its materials from third party trucking companies, those companies are responsible for cleaning and maintaining their trucks so vehicle cleaning facilities will not be provided on site.**
 - C. A continuous fence a minimum of 6 feet high shall be placed along the boundaries of all work and storage areas and provided with gates of the same construction as the fence which shall always remain locked when active operations are not taking place and shall be properly maintained until all operations are completed. **The entire site will be enclosed by a 6' high fence with gates to be locked when active operations are not taking place.**
 - D. When adjoining any residential zoning district, the facility may not be operated on Sunday or earlier than 7:00 a.m. or later than 6:00 p.m. on any other day. **Normal operating hours are from 7:30 a.m. to 4:30 p.m.**
 - E. In addition to these conditions, the following conditions apply to the respective category.
3. Indoor Recycling Facilities, if not in conflict with other laws or ordinances, may be located in the M-2, M-3 and EZ-1 Industrial Districts upon granting of a Conditional Use Permit after the location and nature of such use have been approved by the Board of Zoning Adjustment. The Board of Zoning Adjustment shall review the Comprehensive Plan, the plans and statements of the applicant and shall not permit

such buildings, structures, or uses until it has been shown that the public health, safety, and general welfare will be properly protected, and that necessary safe guards will be provided for the protection of surrounding property and person. Recycling and/or storage of the following materials:

Glass and glass products

Paper and paper board and fiber Non-ferrous metals

Ferrous metals (limited to food and beverage containers) Wallboard

Plastic and rubber products, and Insulation; may be permitted when developed in compliance with the following conditions:

- a. The operation including loading and unloading operations is completely enclosed in building(s) approved for such purposes by all applicable fire protection authorities. **Recycling activities will be conducted entirely indoors (primarily aluminum cans, and much smaller quantities of cardboard, plastic pallets, steel and red metals).**
- b. The operation will not have or require any fire, smelting, fumes, chemicals or other toxic materials, hazardous waste or by-products, and the use and site shall conform to such other requirements and conditions as the Board in the exercise of sound discretion may require for the protection of surrounding property, persons, and neighborhoods values. **The operation will not have or require any fire, smelting, fumes, chemicals or other toxic materials, hazardous waste or by-products.**
- c. The building(s) shall be a minimum of 200 feet or a lesser distance if approved by the Board of Zoning Adjustment from any surrounding residential district(s). The Board may substitute additional screening requirements for a reduction of the 200-foot setback. **The subject site is not located adjacent to any residential zoning district. Its adjoining neighbors are MSD and an Ashland Oil refinery;** now, therefore be it

RESOLVED, the Louisville Metro Board of Zoning Adjustment in Case Number 20-CUP-0087, does hereby **APPROVE** Conditional Use Permit to allow a solid waste management facility, with **RELIEF** from Standard 4B based on the fact that the materials being recycled at the facility are not likely to track mud, dirt, or other debris into the public roadway or on site and also that the site material is asphalt and would therefore make it less likely to track mud, dirt, or other debris into the public roadway, and **SUBJECT** to the following Conditions of Approval.
