

KHALIL BATSHON

Owner/Manager

PROFILE

As the owner and manager of Khalil's, a restaurant located in the heart of Valley Station, I have been in the food and entertainment industry for over fifteen years. Starting with buying and taking over Longhead's, I then opened and established Khalil's as a household name in the south end. Married to my wife Tabatha for six years, we reside in Valley Station with our three wonderful boys and are active members of our community.
