To whom it may concern. . .

The property at 2214 Brighton Drive is requesting a variance of 3'-0" from the side yard setback required 5'-0" (the new addition exterior face of the wall will be 2'-0" from the property line). Considering the property has a full width driveway on the other side of the house, it will provide ample access for all construction personnel to work, equipment and materials to be brought on site, and the construction process to unfold without any need to interfere with the neighboring property.

Best wishes to you all. . .
