This email is sent in response to a letter received from the above concerning the Conditional Use permit they have requested for a garage and apartment at 332 South Bayly Avenue, Louisville, KY 40206. My wife, Janet L. Showalter and I support the granting of this permit. Another similar construction in the 200 block of South Bayly was approved and built several years ago. Our residence is across the street at 335.

Thank you, Bruce. I will add this to my notes for tomorrow's meeting on Zoom.
