Jay,

Thanks for the info. Please keep David Kaelin, President of the Tucker Station Neighborhood Association, and me, as counsel for TSNA, informed of any meetings or deliberations. In addition, do you know what brought about this concern?. I would guess it was someone outside the Council but not sure who. Thanks.

Steve,

Metro council has requested a review of land uses within the Tyler Town Center PD; specifically they are requesting we look at whether/how car wash or other automotive uses are to be allowed going forward. I attached the resolution that initiated the review. As of now, I don't have any other information; there will be a staff report next week. The Planning Commission will review and make recommendations to MC for text changes, if any.

Let me know if you have any questions or comments.

Jay,

Can you help me with this case? There is nothing on-line and I don't know of any notices to Tucker Station Neighborhood Association or others. What is this about? Thanks
