SMYRNA PARKWAY APARTMENTS

EXISTING TREE CANOPY EXHIBIT (2/3)

PREPARED BY:

JOB# 20149
DATE: 8-19-2021

CONCLUSION:

SITE VISIT: 8/19/2021

AREA DENSELY VEGETATED.

PRESENCE OF MATURE TREES BEING SEVERAL WITH CALIPER BIGGER THAN 2' DIAMETER

IMPOSSIBLE TO APPROACH THE TREES AT THIS TIME DUE TO INVASIVE SHRUBS LIKE SUMAC AND HONEYSUCKLE.

FURTHER INVESTIGATION AFTER CLEANING OF THE SITE IS SUGGESTED.

SOME OFF-SITE TREES HAVE BEEN PICTURED SINCE LOOKS LIKE SPECIES ARE SIMILAR TO THE NON ACCESSIBLE AREA.

OUR EXPECTATION IS THAT THE AREA WILL HAVE OAKS, ELMS, MAPLES AND SWEETGUMS AMONG OTHERS.
