WHEREAS, the Kentucky General Assembly enacted KRS 65.7041- 65.7083 (the "Act") relating to tax increment financing and urban redevelopment, which Act establishes local development areas to increase property values, increase employment opportunities, and increase economic activity; and

WHEREAS, Village Green Holding LLC, a Delaware limited liability company, (the “Developer”) plans to undertake a major project within the 800 Building Development Area (the “Development Area”) to complete the 800 Building Redevelopment Project (the “Project”), as more particularly described in the Development Plan attached hereto as Exhibit A; and

WHEREAS, the Project when fully developed will involve new capital investment of approximately of \$32,000,000, and the Project qualifies as a development area under the Act; and

WHEREAS, in accordance with the provisions of the Act, a Development Plan for the Development Area has been prepared and a public hearing has been conducted to seek public comment on the Development Plan; and

WHEREAS, the Council finds that the Project to be undertaken in the Development Area by the Developer will result in an increase in the value of property located in the Development Area, will result in increased employment within the Development Area, Louisville and the region and will increase the tax base of Louisville; and

WHEREAS, it is therefore in the interest of Louisville Metro and Metro Development Authority, Inc. (the “Authority”) that there be a plan for the optimal revitalization and development of the Development Area in a most efficient manner; and

WHEREAS, the redevelopment of previously developed land, within the meaning of Act and as presented by the Developer and the Authority, to enable Louisville Metro to use tax increment financing to encourage major economic development projects, is a worthy public purpose; and

WHEREAS, Louisville Metro is authorized under the Act to execute a local participation agreement with an agency in acknowledgement of benefits to be derived by Louisville Metro within a development area in order to promote the public purpose of Louisville Metro; and

WHEREAS, the Authority is organized and incorporated as a nonprofit, nonstock corporation pursuant to KRS Chapters 58 and 273 to act as an “Agency” under the Act;

WHEREAS, Louisville Metro has determined that based on the benefits to be derived from the Project that it is in furtherance of its public purposes to assist Developer, through the Authority, with the costs of the Project and agrees to enter into the Local Participation Agreement in order to pay to the Authority the Released Amount (as hereinafter defined) for use solely for purposes of the Project.

BE IT ORDAINED BY THE LEGISLATIVE COUNCIL OF THE LOUISVILLE/ JEFFERSON COUNTY METRO GOVERNMENT (THE COUNCIL) AS FOLLOWS:

Section 1. The Development Plan, attached hereto as Exhibit A, is hereby adopted.

Section 2. That the Council finds as follows:

- A. All statements of fact set forth in the recitals to this Ordinance are found true and correct and are incorporated herein by reference.
- B. The Development Area, as depicted in Exhibit B, is a contiguous parcel of property, approximately .811 acres in size, and is less than three (3) square miles in area as required by the Act.
- C. The Development Area constitutes previously developed land as required by KRS 65.7043(2).

- D. The establishment of the Development Area shall not cause the assessed value of taxable real estate in all development areas located in Louisville Metro to exceed 20% of the assessed value of all taxable real property in Louisville Metro. To date Louisville Metro has established several other development areas with a combined taxable real property assessment at the time they were established of approximately \$1.475 billion. The taxable real property assessment of the Development Area for calendar year 2013 is approximately \$10,100,000, and that amount combined with the previous development areas established by Louisville totals \$1.485 billion, while the total taxable real property assessment for Louisville exceeds \$51 billion, 20% of which is \$12 billion.
- E. The conditions within the Development Area meet more than two (2) of the seven (7) factors of blight as set forth in KRS 65.7049 as follows:
- 1. A substantial loss of residential, commercial, and industrial activity or use has occurred within the Development Area.** The Development Area includes a single residential apartment building that has experienced increasing vacancy rates over several years. The current vacancy rate in the building today is approximately 30%.
 - 2. Forty Percent (40%) or more of the households are low income.** The Development Area includes a single residential apartment structure with 247 units. Of the 173 occupied units, approximately 40% are occupied by a low income occupant.
 - 3. More than fifty percent (50%) of the residential, commercial, or industrial structures are deteriorating or deteriorated.** The census data for the site including and surrounding this Development Area demonstrate a trend of deteriorating and abandoned properties, diminishing home ownership and a reduction in commercial development over the last several decades. The structures in the area surrounding the Development Area include vacant, dilapidated, and abandoned buildings. There is a single structure in the Development Area, so the structures constituting more than fifty percent (50%) of the structures within the Development Area are deteriorating or deteriorated, as a result of the lack of investment provided for by the current owner.
 - 4. A combination of factors substantially impairs or arrests the growth and economic development of the city or county and impedes the development of commercial or industrial property due to the Development Area's present condition and use.** Development of the Project site without assistance as provided by the Act is not feasible due to the large scale costs associated with the redevelopment of the proposed Project. Potential revenue alone cannot underwrite the costs of the proposed improvements. No other adequate funding mechanism affords the proposed improvements absent the incentives provided under the Act. These improvements cannot be facilitated with private investment alone. The aesthetic improvement resulting from the development of the proposed Project will have a positive effect on the city and surrounding area, especially the impacts on both the Broadway and 4th Street corridors.
- F. The Development Area will not reasonably be developed without public assistance, including incentives as provided by the Act. The high cost of site development expenses needed for the Project makes public incentives critical to the financing of the Project when compared with low potential revenue generated by these improvements.
- G. The public benefits of redeveloping the Development Area justify the public costs proposed. The investment in the Development Area will result in significant returns through increased property valuations for the surrounding area, facilitate secondary and tertiary re-development within the area, and bring additional residents, diners and other visitors to Louisville. The Development Area has a 2014 taxable assessment of approximately \$10,100,000 and annually generates \$131,059 in real estate taxes to Louisville Metro. The Project will increase capital investment by approximately \$32,000,000, which will provide significant new taxes to Louisville Metro and the other taxing districts. The direct impact of the Project will increase employment within the Development Area by an estimated 100-125 on-site construction jobs, and generate new Louisville Metro and State taxes over the twenty (20) year life of the Development Area, by more than \$467,000 via occupational taxes (in addition to property taxes).

Therefore, even when considering the requested incentives for the Project from Louisville, the Project will be financially beneficial to Louisville. The Project will also be a catalyst for additional development in the area surrounding the Development Area.

In addition to the direct tax impact of the Project, the Project will provide unique and unavailable residential offerings and support to the surrounding neighborhood.

- H. The area immediately surrounding the Development Area has not been subject to growth and development through investment by private enterprise. The proposed improvements within the Development Area will have a positive effect on the surrounding area, which faces stagnation in development without them. The area surrounding the Development Area is at a turning point. There remains a distinct lack of quality residential rental units, and abandoned structures now offer potential for re-development. There is the potential for attractive and desirable new multi-family housing and retail space within the surrounding area. This Project, at this time, is a catalyst project that can excite, and create the momentum needed to completely transform this area over the coming years.
- I. The pledge and use of a portion of Louisville's incremental revenues derived from the Development Area to provide redevelopment assistance to the Project and the Development Area will increase capital investment and employment in Louisville Metro, and therefore constitutes a public purpose.

Section 3. The Development Area as illustrated and described in Exhibit B is designated as a development area pursuant to the Act and shall be named the 800 Building Development Area and shall be established as of the effective date of this Ordinance and shall terminate on the earlier of (a) the termination of the Local Participation Agreement, attached hereto as Exhibit C, or (b) 25 years from the date hereof, provided that in no case the termination date will be more than twenty (20) years from the activation date.

Section 4. That the Metro Development Authority, Inc., a Kentucky nonprofit, nonstock corporation (the "Authority"), (a) is designated as the Agency, pursuant to the terms of the Act, (b) shall be the recipient of the Released Amount under the Local Participation Agreement and (c) shall be required to oversee and administer the implementation of the Project within the Development Area.

Section 5. That the Mayor is authorized to negotiate and enter into a Local Participation Agreement with the Authority for the release to the Authority of a portion of the new real estate taxes expected to be derived by Louisville from the Project to be constructed in the Development Area ("Released Amount"), substantially in the form attached hereto as Exhibit C.

Section 6. That the Office of Management and Budget is designated as the department in Louisville Metro to oversee the payment of the Released Amount and to review all documentation concerning the Project, its progress, costs and development. The Office of Management and Budget shall annually submit to the Council a report concerning the Development Area ("Report"). The Developer shall provide to the Office of Management and Budget, on a timely basis, all information required by the Office of Management and Budget to prepare the Report. The Report shall include but not be limited to:

- A. An accounting of all payments made to the Authority pursuant to the Local Participation Agreement;
- B. An analysis and review of development activity within the Development Area;
- C. The progress made toward meeting the stated goals of the Development Area;
- D. An accounting of the Approved Project Costs and other Project Costs incurred by the Developer.

Section 7. That the Council authorizes Louisville Metro to pay annually to the Authority, the Released Amount which shall be calculated as provided in the Local Participation Agreement, not to exceed a sum equal to 100% of the local, Louisville Metro Ad Valorem Real Property Tax Increment in excess of the taxes otherwise due on the first \$10,100,000 of the valuation of the Project, subject to the following condition: in no event shall the total of the Released Amount paid to the Authority over the term of the Local Participation Agreement exceed \$2,669,793 as set forth in the Local Participation Agreement.

Section 8. That the Authority shall establish a Special Fund pursuant to the Act for the Development Area as set forth in the Local Participation Agreement.

Section 9. That the Mayor and other appropriate Louisville officials, and each of them, for and on behalf of Louisville, are hereby authorized, empowered and directed to do and perform any and all things necessary to effect the execution of the Local Participation Agreement, the performance of all obligations of Louisville under and pursuant to the Local Participation Agreement and related documents, and the performance of all other actions of whatever nature necessary to effect and carry out the authority conferred by this Ordinance and the Local Participation Agreement. The Mayor and other appropriate Louisville officials, and each of them, are hereby further authorized, empowered and directed for and on behalf of Louisville to execute all papers, letter, documents, undertakings, certificates, assignments, forms, instruments and closing papers that may be required for the carrying out and effectuation of the authority conferred by and for the purposes of this Ordinance and the Local Participation Agreement, or to evidence said authority and purposes, and to exercise and otherwise take all action necessary to the full realization of the rights and purposes of Louisville under the Local Participation Agreement and related documents and to perform all of the obligations of Louisville under the Local Participation Agreement and related documents.

Section 10. The provisions of this Ordinance are hereby declared to be severable, and if any section, phrase or provision shall for any reason be declared invalid, such declaration of invalidity shall not affect the validity of the remainder of this Ordinance.

Section 11. This Ordinance shall take effect upon its passage and approval.
