Included in Section II. 6.a. above is \$2,700,000 to be administered by the Office of Resilience & Community Services to fund an emergency assistance fund to be designated as the COVID-19 Relief Fund (“CRF”), to assist with community expenses related to the COVID-19 pandemic, and to be administered in accordance with the provisions of this Ordinance.

**SECTION III.** The Office of Resilience & Community Services shall act as a fiscal agent for purposes of administering the CRF established under Section II of this Ordinance. The monies transferred to the CRF pursuant to this Ordinance shall not be used to create or establish any new programs or services, but shall be used solely for the purpose of recapitalizing existing programs that provide food assistance and emergency assistance for housing, including but not limited to such programs offered by Community Ministries, Dare to Care, and Neighborhood Place. The Office of Resilience & Community Services shall distribute CRF funds to any eligible entity for eligible programs only to the extent that demand and need at those entities for these eligible programs exceeds other funds available to those programs from other sources. Any funds allocated from the CRF by the Office of Resilience and Community Services to these existing programs shall not be used for any administrative costs associated with the programs, but shall be used by these programs solely to provide food assistance and emergency assistance for housing. The monies transferred to the CRF shall only be used to reimburse current External Agency Funding non-profits or fund current Metro administered programs. The monies shall be used solely for the purpose of recapitalizing existing programs that provide food assistance and emergency assistance for housing. An online application for reimbursement will be weekly reviewed for eligibility by a three-person panel consisting of a representative of the Mayor, the Metro Council President (or designee), and a representative of the Metro United Way. The panel will meet weekly to decide which requests receive funding reimbursement. Efforts will be made by the three-person panel to distribute monies equitably across Jefferson County. Monies will only be transferred to non-profits on a reimbursement basis, and the applicant must show increased demand for services due to the COVID-19 epidemic. External Agencies requesting reimbursement for emergency housing assistance must show evidence of loss directly associated with the COVID-19 epidemic and of individual need. The Office of Resilience & Community Services shall reimburse eligible entities only to the extent that demand and

need at those entities exceeds other funds available to those programs from other sources. No funding shall be used for administrative costs associated with the programs, but shall be used solely to provide food assistance and emergency assistance for housing.

**SECTION IV.** The monies in the CRF are to be used as a fund of last resort, and only to the extent that other funds are not available to these programs from any other source to satisfy the purposes of this Ordinance. If Metro Government receives funding from any federal, state, or philanthropic source that may be used for the purposes set forth in this Ordinance, to the extent permissible by law, those funds shall first be used to reimburse the CRF for any distributions previously made to eligible programs pursuant this Ordinance. To the extent that any CRF monies are not needed for the purposes set forth in this Ordinance, regardless of the source of those funds, all remaining balances shall be returned to the pension mitigation fund.

**SECTION V.** The Office of Management and Budget shall make a written report to the Council with the allocation and distribution of every \$250,000 of monies from the CRF. These reports shall include the name of the recipient, the amount allocated to the recipient, the date of the request and the allocation, the assistance to be provided by the program, and such other information as Council may require. Reports shall also include information on any reimbursements to the CRF as provided for in Section IV. The Office of Management and Budget shall make a final report to the Council once the CRF is finally closed.
