(AMENDMENT BY SUBSTITUTION).

SPONSORED BY: COUNCIL MEMBER FOWLER

WHEREAS, the Legislative Council of the Louisville/Jefferson County Metro Government (“Metro Government”) believes that Metro-owned golf courses are important assets that contribute to the health and wellness of the citizens of Louisville Metro;

WHEREAS, Metro Council values and supports a continued small business relationship with PGA professionals for their many contributions to our community;

WHEREAS, to further encourage Metro Council’s relationship with PGA professionals, Metro Council believes it is important to provide course management opportunities to individuals during their professional training with the PGA;

WHEREAS, the management of Metro-owned nine-hole golf courses received less interest and fewer responses to a recent request for proposals than did the Metro-owned eighteen-hole golf courses;

WHEREAS, allowing individuals in the process of obtaining Class A PGA Membership to manage Metro-owned nine-hole courses would broaden the pool of potential candidates;

WHEREAS, Metro Council hereby amends Chapter 42.43(A) to allow individuals in the process of obtaining Class A PGA Membership to manage Metro-owned nine-hole courses.
