**RE: Roosevelt Street Closure
22-STRCLOSUREPA-0031**

Mr. Luckett,

Enclosed please find a formal application for the Roosevelt Street Closure. As you know, we are requesting closure of the dead-end portion of Roosevelt Avenue from Durrett Lane to I-264. This closure is in conformance with the Comprehensive Plan and has no impact on the provisions for adequate public facilities because this portion of Roosevelt Avenue was cut off long ago when I-264 was constructed in this area. Today this section of roadway is more like a private access drive since it only serves the Louisville Dive Center property. There is no connection to the carpenters union to the west, and the street does not continue past Durrett Lane. Easements will be provided over any existing public utilities that remain as required.

Please schedule this case for the next available LD&T meeting.

Thank you.

Kelli Jones
