This determination shall be based upon procedures and protocol established by the Department of Codes and Regulations that shall take into account all relevant facts. All incidents of domestic or sexual violence or other crimes in which utilizing this ordinance may have negative public policy implications including discouraging the reporting of crimes by the victims of those crimes, shall not be considered for the purposes of this chapter.

(1) That the circumstances of the alleged criminal activity do not warrant the issuance of a Notice of Criminal Activity Nuisance, no further action shall be taken; or

(2) If it is determined that the owner is in violation of this chapter in that their property/premises is owned or operated in such a manner as to encourage, facilitate, enable, or permit persistent illegal activity as defined in this chapter, the property/premises shall be considered a criminal activity nuisance and a Notice of Criminal Activity Nuisance shall be issued, following procedures set forth in subsection (D).

(D) *Code Enforcement procedures.* Upon a determination that a property is a criminal activity nuisance, Code Enforcement shall notify the owner and tenant(s) of the property of such determination pursuant to LMCO § 32.283(C) which shall include posting the Notice pursuant to subsection LMCO § 32.283(C)(4). In addition to following the requirements of LMCO § 32.283 and LMCO § 149.05 the Notice shall provide the following information:

(2) A street address, parcel number, or legal description sufficient to identify the property; and

(3) A description of the illegal activities supporting the determination that the premises is a nuisance under this section, and the date on which the illegal activities comprising the nuisance occurred; and

(4) The owner's and/or tenant's opportunity to request in writing, by the date certain set forth in such notice or by an agreed upon date between interested parties, a meeting with Code Enforcement and/or local law enforcement, which may include legal representation, to discuss the allegations contained in the Notice and the need for abatement measures at the premises. Notification shall also be provided that at such meeting(s), the owner and/or tenant may enter into a possible Resolution Agreement with the city to abate the nuisance activity; and

(5) Information as to whom a written request for such meeting should be sent and the date certain by which such written request must be received by Code Enforcement; and

discuss a Resolution Agreement, Code Enforcement shall meet with the owner and/or tenant of the property in an effort to create a plan for the abatement of the nuisance. Stakeholders whose interests are directly impacted by the condition of the property at issue, shall have the opportunity to be included in such meeting. Upon compliance and abatement, no citation and/or abatement order shall be issued.

(D) *Procedures following agreement.* Code Enforcement shall create protocol and procedures for the determination and enforcement of compliance and abatement pursuant to a Resolution Agreement. These procedures and protocol shall be communicated to all relevant parties in the Resolution Agreement. A Resolution Agreement shall be considered an ongoing agreement and may be adjusted by the parties so as to ensure its effectiveness. Upon a determination by Code Enforcement

that the owner and/or tenants have failed or are failing to comply with the terms of the Resolution Agreement, a Citation may be issued to the owner.
