Amy,  
Here is another view facing Bardstown Road and clearly big bar has landscape separating their outdoor fenced off area running parallel with Lucia Ave from trash cans to bardstown rd.  
I would like the same opportunity to do landscaping but not when these trashcans provide area of urinating killing the area.

Amy,

Please use this picture in your presentation as areas of my concern as we discussed. It also impedes access to ground for landscaping of Dora properties Irrev Trust. All these trashcans belong to the applicant and is a nuisance and “attractive nuisance” where patrons of big bar go behind and urinate, defecate and vomit.

Amy,

I am sending you updated photos of what the trashcans look like of the Applicant which I also wish to address if they are asking for building for more patrons and therefore more trash affecting Dora Properties. Who also have clear understanding of the damage that is done to people urinating on the grass. Thank you in advance for including these photos as part of my concern.

However, if my concerns are NOT Addressed, then I Will NOT grant access to the applicant to come onto Dora Properties for their needed foundation for their construction. I look toward an amicable resolution.
