### **SUMMARY OF NEIGHBORHOOD MEETING**

Meeting Date & Time:	September 5, 2023 at 6:00pm
Applicant:	Meredith Dunn School
Location:	Meredith Dunn School Gymnasium 3023 Melbourne Avenue Louisville KY 40220
Requests:	Conditional Use Permit for Private Institutional Uses

Alex Rosenberg began the meeting by introducing himself and representatives of Meredith Dunn. Then, Mr. Rosenberg thanked those in attendance for their participation. Mr. Rosenberg explained the ordinance that requires private institutional uses, such as Meredith Dunn, to have a conditional use permit. Next, Mr. Rosenberg gave an overview of the Application Process.

Following Mr. Rosenberg's explanation of the proposed development, he permitted the participates to ask questions.

First, the participants asked how the school intends to handle parking for special events. In response Robin Johnstone, Head of School, acknowledged the schools parking concerns and suggested a possible solution. According to Mrs. Johnstone the school's neighbors accommodate for parking during the semi-annual special events. Neighbors have allowed cars to park on their property in the past. Ultimately, the participants offered suggestions for the school to better communicate with the neighbors prior to these events.

Second, the participants questioned the location of the construction entrance and schedule of the construction sequencing. Mark Lichtefeld, representing Lichtefeld Inc. the contractor for this project, explained that the construction traffic will be limited based on the school schedule. Furthermore, Mr. Lichtefeld informed the meeting that there is minimal area for on-site staging of materials; so, he will manage the construction to ensure that materials will be used immediately in the building, once they are delivered.

Lastly, the participants desired for speed bumps to be installed on Melbourne Avenue to slow down existing traffic from Hikes Lane to Taylorsville Road. This has been a long-standing concern; therefore, the participants wanted Meredith Dunn to advocate for their installation. Mr. Rosenberg informed the participants that this would be something to discuss with Metro Public Works.

The meeting ended at approximately 6:30pm.
