Dear Council Members,

Thank you for this opportunity to be appointed to serve District 8 on the Metro Council. I am a collaborator with great passion for my district and our city. Being a team player is important to me, and I want to be able to bring my strengths to this Council in order to complement all of you.

During the pandemic, I walked around the district daily and noticed an abundance of trash, needles, and safety concerns that were worrisome for me and my community. I wanted to start somewhere so I began to pick up trash on my daily walks. It was a small step fueled by my desire to do more, leading to additional opportunities for me to serve. That singular step was the catalyst to becoming an Olmsted Park Steward, and then being appointed as a trustee on the Cherokee Triangle Association, and a member of Friends of Bardstown Road.

I have been a near-lifelong resident of District 8, living in Deer Park for 20 years, Tyler Park for 10 years, and the Cherokee Triangle for almost 10 years. Based on my vast knowledge of the district, along with various experiences of riding TARC for 10 years, regularly visiting Olmsted and Louisville Metro Parks, and working downtown for 20 years, I can use my perspective to help my district and our city.

Additionally, I have a mathematical and actuarial skillset to bring to the council. I like to think of an actuary as someone that can use data and analytics to provide a real assessment of risks and their consequences. They also aid in fiscal responsibility and long-term planning, which are important to ensure we have appropriate resources for solutions to address the needs of our city.

I look forward to collaborating with all of you with the goal of making our city better for all of us.

Thank you for your consideration,

Michael V. Lucchese
