Good Morning Bryson,

Public works will accept NDF funds in the amount of \$ \$3,367.20 in order to fulfill the lighting request for (2) LG&E streetlights in the row of Gaymont Drive in relation to The Gaymont Drive @ Stacy Ct & Gaymont Ct project.

Please include WR# 7836955 in the NDF Description for tracking purposes.

I believe the next step is for you to submit the NDF paperwork for review with Appropriations. Christina Scotland should be able to help you if this is not a process you are familiar with.

Thank you,

Corie Ratts

Corie,

Councilman Joseph would like to move forward with NDF financing for that project. Please let me know what our next steps are!

Best,

Bryson Sebastian

Good Morning Bryson,

I received the confirmed cost back from LG&E on this. The good news is that LG&E actually had another rate change and this time it comes out in our favor as all of the lease rates received a reduction. LG&E will require a (5)year lease in the amount of \$3,367.20 for this request. Please let me know if you wish to proceed with NDF Financing and I will send the PW acceptance of funds email along with the LG&E WR# for the NDF Paperwork.

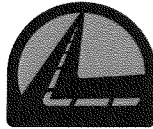

Thank you,

Corie Ratts

This estimate is provided as a preliminary cost projection solely for the purpose of initiating the funding process and does not constitute the final project cost. It excludes any required upfront costs as stipulated by LG&E. The final cost remains subject to change pending LG&E's review and formal approval. Should any revisions occur, Louisville Metro Government will furnish the updated cost information as provided by LG&E to ensure that project funding is appropriately adjusted prior to the commencement of construction.

Subject: RE: D12 Lighting Projects

Good afternoon Bryson,

I am working with LG&E to develop an estimate and wanted to touch base with you before finalizing it. Since the lights are located on the same roadway and in close proximity, we can process this as a single request covering two locations. Moving forward, I will refer to this project as Gaymont Drive @ Stacy Ct & Gaymont Ct.

Currently, the two existing lights do not match in bulb type. The fixture at Stacy Ct is an older HPS light with a yellow hue, while the fixture at Gaymont Ct has already been converted to the whiter hue LED after the previous bulb burned out. LG&E no longer replaces HPS bulbs once their existing stock is depleted for that style of fixture.

To ensure both lights match in hue, the Stacy Ct light would need to be converted to LED. Please let me know if you would like to proceed with this conversion. If so, there would be an additional conversion charge of \$4.62 per month for the converted fixture that I would need to account for in my estimate.

While matching the lights is not a requirement, I wanted to raise this now to help avoid a potential request down the line. Addressing the conversion at this stage may help prevent residents from later wanting the work done, which could result in the remaining lease (that we are about to start) balance being paid off before starting a new lease with the upgraded fixture (meaning it would cost double the fees for the same time period, and the conversion fee would then be added on to the new lease as well. Completing the conversion now would be more cost-effective overall than doing so at a later date.

Thank you,

Corie Ratts

Good Morning Bryson,

Dellrose Dr – Contract received this morning, Signed by DOT director and Sent to MP to have a check cut. This is pending with MP's at this time.
Memory Lane & Sylvania Rd – Submitted to LG&E, follow up sent this morning for a status on the site survey and contract generation.

As for the (2) locations below, please confirm you are requesting estimates be generated for both intersections.

Thank you,

Corie Ratts

Subject: D12 Lighting Projects

Corie,

Could you give me a summary of where we are at with each of the different lighting projects in District 12 and what the costs are?

We have received another request from a constituent about two more lights in District 12: one at the corner of Gaymont Drive and Stacy Ct, and another at the corner of Gaymont Drive and Gaymont Ct. Councilman Joseph asked me to look into what the cost would be to have these paid for and whether we will have enough funding to pay for them.

Thanks,

Bryson Sebastian
