Good afternoon Matthew and Happy Friday!

Thank you so much for your response. Councilwoman McCraney **does not** want to set a precedence by repairing the constituent's driveway apron. She wants Public Works to repair only what is normally done, therefore the second estimate for \$9,000.00 that includes the apron will be **disregarded**.

We want to move forward with the original estimate for \$5,500.00.

Jeff, will you accept funds from District 7 CIF for this project?

Rhonda,

The funding we receive is for sidewalks which we estimate to have \$60,000,000 in trip hazards backlog alone (likely more due to inflation now). The drive apron is not within the sidewalk walking path and would cause a significant increase to our overall need. In the event that the sidewalk going through the driveway needs to be replaced and will cause an issue with the drive apron, that is the only time we will replace, and in some cases may only be a portion. It is our opinion that since only the home owner uses that drive apron, much like the remainder of the driveway, that the resident should be responsible for maintenance on these sections of their property.

In the event that you do fund the replacement of the drive apron, that is fine. I would just caution that other residents may reach out for similar treatment since the precedence would be in place.

Thanks,

Good morning Jeff!

May I ask why Public Works does not generally repair driveway aprons? Councilwoman McCraney wants to make sure it's okay for our office to pay for this since there are rules against repairing private property.

LA Caldwell,

The apron replacement was not part of the repair estimate. Public Works does not generally repair driveway aprons and was not included in the original estimate. If you want me to revise my estimate to include the driveway apron, please let me know. If you have any questions please contact me.

Good morning Jeff!

The constituent is very happy to hear her sidewalk will be repaired soon. Do you know if the apron of her driveway is part of this repair, or if that would be her responsibility?

LA Caldwell,

1815 The Meadow Rd is on the backlog awaiting funding. Projects awaiting funding on the backlog are usually addressed during the annual budget. If you want this to be repaired this year, I will provide a repair estimate and your office will need to appropriate funds. If you have any questions please contact me.

Good afternoon Jeff!

I hope all is well your way. Please accept my apology for not getting back to you sooner on this concern.

In your below email, you say that the sidewalk in need of repair (1815 The Meadow Rd.) has been inspected and is on a list awaiting funding for repairs. Would the funding come from Councilwoman McCraney's office (NDF or CIF funds)? Also, how do I find out what the total cost is for repairs? I am still learning processes and want to make sure I understand what needs to be done so that we can proceed with getting this taken care of.

Thank you in advance for your help!

Hello Rhonda, congrats on your new position with Metro Council District 7.

Jeff Hackbart and Thierry Muhanuka handle our "Sidewalk Repair Program". I mainly handle new construction projects. I have forwarded your e-mail to them and hopefully they can check the status of the sidewalk repair. Do you have an exact address of this location?

Subject: Constituent Concern - Sidewalk Repair

Good afternoon Steve!

My name is Rhonda Caldwell and I am Councilwoman Paula McCraney's Legislative Assistant. I was given your contact information as the best person to speak to regarding a sidewalk repair.

We received a phone call from the daughter of a constituent who has contacted Public Works on three separate occasions about a broken sidewalk in front of her mother's house. She said someone has come to look at it several times and has given it a rating (on a scale of 1-5):

- 9/24/2019, rated a 3
- 4/9/2021, rated a 5
- 10/31/2022

A work order was created on 4/9/2021 (#21ENG-00512). She's been told that it is on the list to be repaired and that we're waiting for funds to make the repair. The daughter is especially worried because her mother is 80 years old with health issues. The "lift" in the sidewalk has caused her to fall and she is now scared to walk outside.

Are you able to provide a status on this work order? Has an estimate for the work been done, and if so, is it possible for Councilwoman McCraney to get a copy of it? And lastly, what would the turnaround time be for this work to be completed?

Any assistance you can offer is very much appreciated. Thank you in advance!
