I am a teacher, mental health counselor, and I am very active with my nonprofit and other nonprofits in the area working to improve the infrastructure in our city/county. When I see a need and/or a safety issue, I go to work; therefore, my volunteerism is endless.

Explanation of Interest

909 Gilliland Road

I am interested in joining the Complete Streets Coalition because researching and advocating to a safe systems approach to improving infrastructure within our city so that people can travel throughout their day safely is of the utmost importance to me. My son, Matthew, was hit by a person driving a car and killed in Nov 2020. Nine pedestrians died that month. Many factors contributed to these deaths. My mission in life is to ensure that dangerous factors on Louisville roadways are eliminated.

I have researched and met with many experts, engineers, politicians, and other stakeholders with vested interests in improved road designs and road calming measures that increase efficiency in mobility while increasing safety and reducing crashes, injuries, and deaths. I am up on the latest research of effective efficient roadway designs and calming measures. I am committed to safety and making our city better, and it means a great deal to me to join Complete Streets.
