

**Louisville Metro Council and Mayor Craig Greenberg,**

We, the Louisvillians undersigned, call upon you to pass an ordinance making Louisville a Trans Safe Haven City. As anti-trans legislation sweeps across the nation, transgender people feel less safe and are looking to friendly cities and states as a refuge from repressive laws. It is important to let our transgender and gender non-conforming residents know that their city stands with them.

Ensuring that city resources are never used to enforce harmful and discriminatory laws from other jurisdictions will add another layer of protection for residents of Louisville. This legislation would uphold our city's commitment for freedom, equality, and bodily autonomy for all, and set an example for the entire country—that Louisville is unwavering and will not appease those who seek to divide us and harm marginalized communities.

Louisville can lift our voices to support our trans neighbors like many other large cities including Chicago, Kansas City, New York, Philadelphia, and Madison, as well as smaller cities such as Lawrence, KS, Columbia, MO, Lakewood, OH, and Carbondale, IL. We urge you to add our city's name to the list.

Add your name here: [bit.ly/safehavenletter](https://bit.ly/safehavenletter)

**Thank you,**
