Explanation of Interest

**Our neighborhood streets should be safe and accessible for everyone, despite age or physical ability. As you aware, we have a lot of work to do to make streets in Louisville less dangerous and more amenable to mobility options other than automobiles. I would be very interested in bringing my energy and passion for this issue to the Complete Streets Coalition. I've been involved in urban transportation in some shape or form for almost two decades, beginning with a fellowship at the Kentucky Transportation Center at UK in 2003, and could bring very relevant experience to the committee including analytics, assessment/evaluation skills and ideas for engaging with the community. Thanks for considering me as a possible member of the coalition, and I very much look forward to seeing the work of this committee in improving our neighborhood streets.**
