Explanation of Interest

As someone who has lived in the Phoenix Hill neighborhood and now the Irish Hill neighborhood which are very walkable neighborhoods I have noticed what streets I like to walk on and other that I avoid. I started to notice what made a street friendlier to pedestrians, safer to cross, or slowed down traffic. I truly believe that being able to walk to my favorite restaurant or shop have increased my enjoyment of that activity; not only am I shopping local but I am also getting needed exercise. Another aspect of being able to safely walk to nearby places is also seeing my neighbors out and about doing the same thing and it increases the sense of community and neighborhood.

As a former speeder as I drove a one way street speeding along I have now realized that unfortunately the one way streets lend to speeding. As I have become more educated about what makes a street safe I believe that Louisville can make changes to make our streets safer and I would like to help make that happen.
