Dr. Grossfeld and Scott,

Thank you for submitting this sidewalk repair request at 10908 Kings Crown Drive. I am connecting your message to our Public Works Department. We are working on beveling sidewalks through out the Norton Commons neighborhood however, it is likely that this location will require a full depth repair. I am asking Public Works engineers to inspect this location and provide us with a rating and cost estimate for repair. Please be advised that this process can take several months.

Metro311,

Please give this request a service number and ask Public Works to inspect the sidewalk panel at 10908 Kings Crown Drive. Please provide Councilman Reed with a rating and cost estimate. He will then look to secure funding for the repair.
