

Case No. 22-ZONE-0111 Binding Elements

RESOLVED, the Louisville Metro Planning Commission does hereby **APPROVE** the requested Revised Detailed District Development Plan, **SUBJECT** to the following binding elements

1. The development shall be in accordance with the approved district development plan, all applicable sections of the Land Development Code (LDC) and agreed upon binding elements unless amended pursuant to the Land Development Code. Any changes/additions/alterations of any binding element(s) shall be submitted to the Planning Commission or the Planning Commission's designee for review and approval; any changes/additions/alterations not so referred shall not be valid.
2. No outdoor advertising signs, small freestanding signs, pennants, balloons, or banners shall be permitted on the site.
3. Construction fencing shall be erected when off-site trees or tree canopy exists within 3' of a common property line. Fencing shall be in place prior to any grading or construction to protect the existing root systems from compaction. The fencing shall enclose the entire area beneath the tree canopy and shall remain in place until all construction is completed. No parking, material storage or construction activities are permitted within the protected area.
4. Before any permit (including but not limited to building, parking lot, change of use, site disturbance, alteration permit or demolition permit) is requested:
 - a. The development plan must receive full construction approval from Construction Review, Louisville Metro Public Works and the Metropolitan Sewer District.
 - b. Encroachment permits shall be obtained from the Kentucky Transportation Cabinet.
 - c. The property owner/developer must obtain approval of a detailed plan for screening (buffering/landscaping) as described in Chapter 10 prior to requesting a certificate of occupancy. Such plan shall be implemented prior to occupancy of the site and shall be maintained thereafter. The landscape plan shall include, at a minimum, the landscaping shown at the February 2, 2023 Planning Commission hearing and located in the case file as Exhibit 1.
 - d. A minor subdivision plat or legal instrument shall be recorded to consolidate the property into one lot. A copy of the recorded instrument shall be submitted to the Division of Planning and Design Services; transmittal of the approved plans to the office responsible for permit issuance will occur only after receipt of said instrument.

- e. The materials and design of proposed structures shall be substantially the same as depicted in the rendering as presented at the February 2, 2023 Planning Commission meeting. A copy of the approved rendering is available in the case file on record in the offices of the Louisville Metro Planning Commission.
- 5. There shall be no outdoor music (live, piped, radio or amplified) or outdoor entertainment or outdoor PA system audible beyond the property line.
- 6. No idling of trucks shall take place within 200 feet of residential structures. No overnight idling of trucks shall be permitted on-site.
- 7. A certificate of occupancy must be received from the appropriate code enforcement department prior to occupancy of the structure or land for the proposed use. All binding elements requiring action and approval must be implemented prior to requesting issuance of the certificate of occupancy, unless specifically waived by the Planning Commission.
- 8. The applicant, developer, or property owner shall provide copies of these binding elements to tenants, purchasers, contractors, subcontractors and other parties engaged in development of this site and shall advise them of the content of these binding elements. These binding elements shall run with the land and the owner of the property and occupant of the property shall at all times be responsible for compliance with these binding elements. At all times during development of the site, the applicant and developer, their heirs, successors; and assignees, contractors, subcontractors, and other parties engaged in development of the site, shall be responsible for compliance with these binding elements.
- 9. Hours of operation shall be limited to 8:00 AM to 10:00 PM. No deliveries shall take place outside these hours.
- 10. No sale of alcoholic beverages shall take place on site.
- 11. The fence shown on Exhibit 1 shall be vinyl or similar material and shall not be made of wood.
- 12. Eight (8) Type B or C trees shall be provided adjacent to Cardinal Oaks Drive.
- 13. The area marked on the development plan as "RACK, DUMPSTER, & RECYCLING ENCLOSURE TO BE SCREENED PER CHAPTER 10" shall be screened as per the Land Development Code requirements for refuse containers.
