As president of the Greenhurst Condominium Home Owners' Association, I am requesting that a binding element be added before the requested zoning change is approved.

Binding Element: Christian Brothers Automotive is required to follow the Louisville Metro Noise Ordinance regarding the hours for trash pick-up outside the Urban Services District.

Mr. Whitt suggested that by requesting this binding element it would offer Greenhurst residents an extra layer of protection regarding noise from trash collection. For several years Greenhurst residents have dealt with 4:30-5:30am trash collection at neighboring businesses. Complaints to these businesses have done little to alleviate the problem.

It is my hope that by adding the requested binding element Greenhurst residents will be spared early morning trash collection.

Thank you.

Karen Norton

President—Greenhurst Condominium Association
